## INTRODUCTION

The corporate ownership framework of the Canadian economy is continuously changing. Amalgamations, acquisitions and mergers of a significant nature continue to occur both in Canada and abroad. These events affect both industrial and aggregate concentration, foreign control and, consequently, the structure of the socio-economic system.

These developments are paralleled by government efforts to analyse and evaluate the impact of foreign investments in Canada and the influence of corporate concentration on the Canadian economy. In December of 1973, the Foreign Investment Review Agency (FIRA) was established to monitor and approve all significant direct and indirect foreign investments in Canada. In April of 1975 the Royal Commission on Corporate Concentration (Bryce Commission) commenced its inquiry into the extent and impact of major concentrations of corporate power on the Canadian socio-economic system. In March of 1977 the government introduced the second phase of amendments to the federal Combines Investigation Act setting out rules covering mergers, monopolies and interlocking directorships. All these recent events, in conjunction with the expanding published data on foreign control and concentration, have increased the public interest and demand for information with respect to the ownership structure of the Canadian corporate system.

In response to increasing ownership information requests from many segments of Canadian society, this latest directory has been prepared. This Inter-corporate Ownership publication (ICO) is a reliable index of who owns and/or controls whom in Canada. It is intended to serve as an essential reference tool for corporate executives, bankers, financiers, marketing managers, investors, researchers and the general public, all of whom desire detailed information on the corporate structure of Canadian society.

### Scope

The information contained in this directory is based primarily upon non-confidential returns filed by Canadian corporations under the Corporations and Labour Unions Returns Act (CALURA). However, extensive research has made possible a number of improvements in the 1975 ICO and it differs from previous editions (the most recent being 1972; Catalogue 61-513) in several important aspects. Using such international publications as *Moody's*, *Jane's*, *Who Owns Whom* and *Standard and Poors'*, information on ultimate foreign parent corporations has been obtained. In many cases, researchers have combined apparently unrelated enterprises operating from a number of foreign countries into one multinational enterprise. Wherever possible, researchers have searched

Les liens de parenté entre corporations canadiennes varient constamment. Des absorptions, des prises de contrôle et des fusions importantes ne cessent de se produire au Canada et à l'étranger. Ces événements modifient la concentration industrielle et globale, le contrôle étranger et, par conséquent, la structure du système socio-économique.

Parallèlement, les pouvoirs publics cherchent à analyser et évaluer quelle incidence les investissements étrangers au Canada et la concentration des corporations ont sur l'économie canadienne. En décembre 1973, l'Agence d'examen de l'investissement étranger a été constituée pour surveiller et approuver tous les investissements importants faits directement ou indirectement par des étrangers au Canada. En avril 1975, la Commission royale d'enquête sur les groupements de sociétés (Commission Bryce) a entrepris son étude sur l'importance et l'incidence des principales concentrations de corporations sur le système socio-économique canadien. En mars 1977, le gouvernement a déposé la deuxième partie des modifications à la Loi relative aux enquêtes sur les coalitions, qui précisent les règles relatives aux fusions, aux monopoles et aux conseils d'administration liés. Ces événements récents, ainsi que la publication de données élargies sur le contrôle étranger et la concentration, ont stimulé l'intérêt du public et la demande d'information à l'égard de la propriété des corporations canadiennes.

Nous avons compilé ce dernier répertoire pour répondre aux questions de nombreux secteurs de la société canadienne sur la propriété des corporations. La présente publication constitue un index fiable indiquant qui possède et (ou) contrôle qui au Canada. Son but est de servir d'ouvrage essentiel de référence pour les directeurs de sociétés, les banquiers, les financiers, les responsables de la mise en marché, les investissements, les chercheurs et le grand public qui désirent tous des renseignements détaillés sur la structure des corporations au Canada.

### Envergure

Les renseignements présentés dans ce répertoire sont basés surtout sur les déclarations non confidentielles faites par les corporations canadiennes en vertu de la Loi sur les déclarations des corporations et des syndicats ouvriers (CALURA). Cependant, des recherches poussées ont permis d'apporter un certain nombre d'améliorations dans l'édition de 1975; celle-ci comporte plusieurs différences importantes par rapport aux numéros précédents, dont le dernier (n° 61-513 au catalogue) remonte à 1972. Les renseignements sur les corporations mères étrangères ont été tirés de publications internationales telles *Moody's*, *Jane's*, *Who Owns Whom* et *Standard and Poors'*. Dans bien des cas, les chercheurs ont combiné en une entreprise multinationale des entreprises sans lien de parenté apparent et contrôlées par un certain nombre de pays

and carefully examined the existence of any options, insider holdings, convertible shares and interlocking directorates, which would affect the control of a corporation. In a number of cases, reported nominees have been replaced by true owners. Information on certain family controlled corporations is included so that privately owned corporations may appear as an integral part of an enterprise. In all these cases, a series of special notes has been prepared documenting the reasons for assigning control. Much of this research has resulted in expanded enterprise structures, spanning several countries and leading to new insights into the organization of multinational enterprises operating in Canada.

For the first time, the Standard Industrial Classification (S.I.C.) for each active Canadian corporation appears. This information provides a picture of enterprise activity in terms of horizontal and vertical integration or conglomeration. The *1960 Standard Industrial Classification Manual* (Catalogue 12-501) describes these codes. Readers may also use the 1970 edition of the *S.I.C. Manual* which contains a table of differences between the 1960 and 1970 codes (see page 297). The 1970 Standard Industrial Classification Manual is available from Publication Distribution at Statistics Canada. Readers should be aware that the S.I.C. code reflects the corporation's major activity and that some operations for multi-establishment corporations are not indicated. Furthermore, for certain corporations in the financial or integrated oil or integrated mining industries, a special Business Finance code is printed. A descriptive list of these codes is found in the section "A Guide to Inter-corporate Ownership".

### Structures

To provide a meaningful and concise framework for examining inter-corporate ownership, relationships between corporations have been classified and presented according to their importance. The principal relationship presented is that involving the ownership or holding of the voting rights of a corporation by another corporate body or group of related individuals. The most fundamental and significant development in this publication is that ownership relationships between corporations under common control are shown together. This forms what is termed the "*enterprise*".

Naturally, there are also numerous non-control relationships for a set of related corporations. All ultimate owners and joint equally owned corporations have been identified and each of these is designated as the head of a "*complex*". All enterprises have been uniquely assigned to a complex based on the strongest

étrangers. Chaque fois qu'ils le pouvaient, ils ont fait des examens minutieux pour repérer les options, les parts des dirigeants, les actions convertibles et les conseils d'administration liés qui influeraient sur le contrôle d'une corporation. En même temps, ils ont remplacé les nominataires par les propriétaires véritables. Les renseignements sur certaines sociétés familiales sont également inclus de telle sorte que les corporations possédées par des individus puissent figurer comme faisant partie intégrante d'une même entreprise. Pour tous ces cas, une série de notes spéciales ont été rédigées pour expliquer l'attribution du contrôle. Cette recherche a fait ressortir des structures plus vastes, s'étendant dans divers pays, et a projeté de nouveaux éclairages sur l'organisation des multinationales en activité au Canada.

Pour la première fois, la publication indique le numéro C.A.É. (*Classification des activités économiques*) pour chaque corporation canadienne active. Ce renseignement permet de représenter l'intégration horizontale et verticale des entreprises. Le *Manuel de la classification type des industries* (C.T.I.), édition 1960 (n° 12-501F au catalogue) donne une description des codes utilisés ici. Le lecteur pourra également utiliser la version 1970 de la *Classification des activités économiques* (C.A.É) qui donne un tableau sur les différences entre l'édition de la C.A.É. et la C.T.I. de 1960 (voir page 265). On peut obtenir la C.A.É. (édition de 1960, n° 12-501 au catalogue) en s'adressant à la Distribution des publications, Statistique Canada. Les lecteurs doivent se rappeler que le code C.A.É. indique l'activité principale de la corporation et que certaines opérations des corporations à établissements multiples ne sont pas mentionnées. De plus, un code spécial de la Division des finances des entreprises caractérise certaines corporations financières ou d'autres appartenant à l'industrie pétrolière intégrée ou minière intégrée. La section "Guide des liens de parenté entre corporations" explique ces codes.

### Structures

Pour une présentation utile et concise des liens de parenté entre corporations, nous les avons classés par ordre d'importance. Le principal lien mentionné concerne la possession des droits de vote d'une corporation par une autre ou par un groupe de personnes apparentées. La modification la plus fondamentale et la plus importante de cette publication est que les corporations sous contrôle commun sont présentées ensemble. Cela constitue ce que nous appelons l'"*entreprise*".

Naturellement, il existe également à l'intérieur d'un ensemble de corporations de nombreux liens sans contrôle. Les propriétaires ultimes et les corporations en propriété à part égale ont tous été mis en évidence et désignés comme tête d'un "*complexe*". Toutes les entreprises ont été attribuées à un complexe uniquement

ownership to a complex head. The complex represents all the control and non-control ownership relationships starting with an ultimate owner or a joint equally owned corporation.

Finally, the remaining structural concept is the “group”. A group is an exhaustive collection of related corporations. It contains all the complexes that are in any way related. Note that the largest group in this publication contains well over 8,000 corporations, whereas there are thousands of groups of only two or three corporations. Using all the preceding structures, each corporation has been assigned a group-complex-enterprise code acting as an identifier for those corporations under common control. Please note that the word “group” has a non-structural connotation as well. In case of common control by related individuals the word group or family may appear in the name of the controlling interest (e.g., Jodrey Group, Bata Group, Irving Family). This usage of the word group is similar to that employed by the business community.

### Format and Content

For the first time, the ICO is a two-volume publication. In the first volume is an alphabetical index of all corporations having inter-corporate relationships. For each corporation, a group-complex-enterprise code and page number is shown. This provides the principal location of the corporation in the second volume which is divided into two parts. Each corporation also has a status code identifying it as an ultimate owner, enterprise head, subsidiary or a joint equally owned corporation.

All researched cases of control, which primarily includes interlocking directorates, options or privately held shares, are documented and presented in a series of special footnotes at the end of Volume I. These notes are in the same group-complex-enterprise numbering order.

*Volume I also includes the “Guide to Inter-corporate Ownership” section. It contains all the underlying concepts, Special Notes and instructions. Understanding this section is fundamental in using the ICO to its full potential. Readers are asked to carefully read the subsections on “How to Use the Publication” for an explanation of the presentation format. The “Concepts and Definitions” subsection should be examined to better understand the terms group, complex and enterprise.*

Finally, the first volume contains a limited series of inter-corporate maps. They show some of the more complex and diverse ownership structures in the Canadian economy. They were produced from the information contained in the second volume.

d’après la tête de complexe qui en possède la plus large part. Le complexe représente tous les liens de parenté, impliquant ou non un contrôle, à partir du propriétaire ultime ou d’une corporation en propriété à part égale.

La présente publication utilise comme unité finale le “groupe”. Ce dernier rassemble toutes les corporations ayant des liens de parenté entre elles et renferme tous les complexes liés d’une certaine manière. Le lecteur constatera que le groupe le plus large mentionné ici compte plus de 8,000 corporations, alors qu’il en existe des milliers qui n’en réunissent que deux ou trois. Nous servant de toutes les structures précédentes, nous avons attribué à chaque corporation un code de groupe-complexe-entreprise pour identifier les corporations sous un même contrôle. On notera que le terme “groupe” n’est pas toujours utilisé dans un contexte tel que décrit ci-haut. S’il existe un contrôle commun par des individus, le mot groupe ou famille est employé pour identifier les intérêts majoritaires (ex., Groupe Jodrey, Groupe Bata, Famille Irving). L’usage du mot groupe est semblable à celui utilisé dans le milieu des affaires.

### Nouvelle publication

Pour la première fois, la présente publication comprend deux volumes. Le premier comporte un index alphabétique de toutes les corporations ayant des liens de parenté. Pour chacune, nous avons indiqué un code de groupe-complexe-entreprise et la page où figure la mention principale de la corporation dans le second volume divisé en deux parties. Chacune a également un code indiquant si elle est propriétaire ultime, tête d’entreprise, finale ou corporation en propriété à part égale.

Tous les cas de contrôle qui ont fait l’objet de recherches, lesquelles portaient principalement sur les conseils d’administration liés, les options ou les actions détenues par des particuliers, s’accompagnent d’une série de notes spéciales à la fin du volume I. Celles-ci suivent l’ordre des numéros de groupe-complexe-entreprise.

*Le volume I comprend également le “Guide des liens de parenté entre corporations”. Celui-ci comporte tous les concepts de base, les Notes spéciales et les instructions. Pour tirer pleinement profit de la publication il est essentiel de bien comprendre cette section. Les lecteurs sont priés de lire attentivement les paragraphes figurant sous la rubrique “Utilisation de la publication”. Il faut examiner les paragraphes “Concepts et définitions” pour mieux saisir le sens des termes “groupe”, “complexe” et “entreprise”.*

Le premier volume comprend enfin une série limitée de graphiques des liens de parenté entre corporations. Ils illustrent certaines des structures les plus complexes et les plus diverses de l’économie canadienne, à partir de l’information contenue dans le second volume.

In the second volume, comprised of Parts 1 and 2, relationships between the corporations mentioned in the index and accompanying data are presented.

### Services

At the time of publication two new services are being developed. The first of these services makes available machine readable versions of the information on ownership contained in this publication. From the information contained in this publication, it is possible to develop an inter-corporate map. This is a diagram representing the relationships between corporations in a group, or complex or enterprise. As examples, readers may turn to the section "Selected Inter-Corporate Structures" on page xi of this volume, to see some of the more interesting ownership structures in the Canadian economy. Such diagrams may be prepared upon request.

The two services are available on a cost recovery basis and interested readers are invited to contact Statistics Canada by writing to:

The Assistant Director,  
CALURA Administration,  
Business Finance Division,  
Statistics Canada,  
Tunney's Pasture,  
Ottawa, Ontario, K1A 0T6.

### Other Improvements

Readers of previous ICO publications have requested that certain information on control, ownership and residence be available as before. In examining these requests, several improvements have been made.

A control code is printed for each enterprise head. It represents the country of control for the enterprise head and thus all corporations under its control. These codes are now readily recognizable letter abbreviations. In addition, codes are now included for West Germany, France, the Netherlands and Japan. Readers should consult the "Guide to Inter-corporate Ownership" for the rules on the assignment of the country of control. Please note that these codes form the basis of the statistical analysis published in the CALURA, Part I, Annual Report to Parliament (Catalogue 61-210). Like the control code, the residence code for each corporation has been expanded and is also a recognizable letter abbreviation.

### A Special Note

Computerized methods have been used in the development of this directory to ensure consistency and reliability. Nevertheless, it is possible that informa-

Le second volume, qui comprends les parties 1 et 2, décrit les liens de parenté entre les corporations mentionnées dans l'index et fournit des renseignements connexes.

### Nouveaux services

Deux nouveaux services sont mis sur pied. Le premier traduit sous forme lisible par machine les renseignements sur la propriété contenus dans cette publication. L'information présentée ici permet de représenter sous forme de graphiques les liens de parenté entre corporations, qu'il s'agisse d'un groupe, d'un complexe ou d'une entreprise. On trouvera à la section "Certaines structures de corporations" (page xi du présent volume) certains des liens de parenté les plus intéressants de l'économie canadienne. On peut obtenir sur demande des graphiques de ce genre.

Ces deux services sont fournis contre remboursement des frais; les lecteurs qui aimeraient en profiter sont priés de communiquer avec Statistique Canada en écrivant à:

Le directeur adjoint,  
Application de la Loi CALURA  
Division des finances des entreprises  
Statistique Canada  
Tunney's Pasture  
Ottawa (Ontario), K1A 0T6.

### Autres améliorations

En réponse aux demandes voulant que certains renseignements sur le contrôle, la propriété et le lieu de résidence soient fournis comme auparavant, on a apporté plusieurs améliorations.

Un code de contrôle est attribué à chaque tête d'entreprise. Il en indique le pays de contrôle et, par conséquent, celui de toutes les corporations qu'elle contrôle. Il s'agit maintenant d'abréviations faciles à reconnaître. Des codes ont été ajoutés pour l'Allemagne de l'Ouest, la France, les Pays-Bas et le Japon. Les lecteurs trouveront dans le "Guide des liens de parenté entre corporations" les règles déterminant l'attribution du pays de contrôle. Ils noteront que ces codes constituent la base de l'analyse statistique publiée dans la partie I du Rapport annuel CALURA présenté au Parlement (n° 61-210 au catalogue). Tout comme le code de contrôle, le code du lieu de résidence pour chaque corporation a été amplifié et est constitué d'une abréviation facile à reconnaître.

### Note spéciale

Nous avons fait appel à l'ordinateur pour la confection de ce répertoire afin d'en assurer l'uniformité et la valeur. Il se peut néanmoins que certains renseignements

tion supplied to the CALURA Administration under the Act and that provided by international publications and research sources, could be in error. Any inaccuracies brought to the attention of the authors will be corrected in a subsequent edition.

Work to improve the quality of future publications is in progress. Contributions and comments from researchers, members of the business community or the general public are welcomed. Special thanks are extended to Professor Steven D. Berkowitz of the Institute for Policy Analysis, University of Toronto and his research team for their assistance in the development of concepts and exchange of ideas.

fournis à l'Application de CALURA en vertu de la Loi, tirés de publications internationales ou obtenus par des recherches soient erronés. Toute inexactitude signalée aux auteurs sera corrigée dans l'édition subséquente.

Le travail visant à améliorer les prochains numéros se poursuit constamment. Nous serons heureux de recevoir les contributions et les commentaires des chercheurs, du monde des affaires et du grand public. Nous remercions principalement M. Steven D. Berkowitz, de l'*Institute for Policy Analysis*, de l'Université de Toronto et son équipe de leur concours à la mise au point des concepts et des idées qu'ils ont apportées.

## SPECIAL NOTES

### NOTES SPÉCIALES

#### Coverage

Corporations principally covered in this report are those that are required to file a schedule of ownership information under the Corporations and Labour Unions Returns Act (CALURA). Under the Act all corporations with assets greater than \$250,000 or sales greater than \$500,000 are required to file a schedule of ownership information. Corporations not meeting this financial criteria are exempt. In addition, several important segments of the corporate universe are exempt because they report under other federal acts or because they are agents of the Government of Canada, a province or a foreign country. Furthermore, non-profit organizations established for the furtherance of religious or charitable purposes are exempt.

The breadth of this report has been markedly expanded from those previously published as ownership information was obtained from a number of regulatory agencies. Ownership information for corporations exempt under CALURA because of size has also been included where volunteered or found through research.

In addition, research through the use of international financial and ownership publications was undertaken to provide true beneficial owners rather than nominees wherever possible. These publications have also yielded a great deal of information related to the structure of the global enterprise. In many cases data derived solely from the CALURA returns was insufficient in bringing related corporations in Canada together into one enterprise because corporations are required only to report their first foreign parent. In many cases, these first foreign parents were traced back to an ultimate parent corporation that may be one or two countries removed from the one reported. The exercise has produced a more accurate assignment of country of control to the enterprise.

Under the Act, corporations are not required to report the names of individuals owning shares. Consequently, in some cases, major ownership of a corporation may not be known. However, in a select number of cases, where such information was deemed significant in determining the control of a corporation, data on personal share holdings was obtained and integrated with inter-corporate ownership information.

#### Champ d'observation

Les corporations visées principalement par le présent rapport sont celles qui doivent présenter des renseignements sur leur appartenance en vertu de la Loi sur les déclarations des corporations et des syndicats ouvriers (CALURA) parce que leur actif s'établit à plus de \$250,000 ou que leur chiffre d'affaires dépasse \$500,000. Les corporations qui ne répondent pas à ce critère financier n'y sont pas tenues. En outre, plusieurs segments importants de l'univers des corporations sont exempts de cette obligation parce qu'ils présentent des déclarations en vertu d'autres lois fédérales ou qu'ils sont des agents de l'administration du Canada, d'une province ou d'un pays étranger. De plus, les organisations sans but lucratif établies à des fins religieuses ou charitables n'ont pas à présenter cette déclaration.

Notre étude couvre un champ beaucoup plus vaste que les précédentes puisqu'elle contient des renseignements fournis par un certain nombre d'organismes de réglementation. Les renseignements sur la propriété des corporations qui échappent à CALURA à cause de leur taille ont également été inclus lorsqu'ils ont été offerts librement ou obtenus par des recherches.

De plus, dans la mesure du possible on a fouillé les publications internationales sur les finances et la propriété des corporations en vue de trouver les véritables propriétaires plutôt que les nominataires. Ces publications ont déjà fourni une grande quantité de renseignements liés à la structure de l'ensemble de l'entreprise. Dans de nombreux cas, les données dérivées uniquement des déclarations CALURA étaient insuffisantes pour permettre de grouper les corporations canadiennes ayant des liens de parenté en une seule entreprise parce que les corporations sont tenues d'indiquer seulement leur corporation mère immédiate à l'étranger. Dans de nombreux cas, celle-ci a été reliée à une corporation mère ultime établie dans un premier ou un deuxième pays autre que le pays de contrôle déclaré. Cette recherche a permis de déterminer avec plus d'exactitude le pays de contrôle des entreprises.

Aux termes de la Loi, les corporations ne sont pas tenues de déclarer le nom des particuliers qui détiennent des actions. Aussi, a-t-il été impossible de savoir à qui appartiennent certaines corporations. Cependant, dans un nombre restreint de cas où nous avons jugé que cette information était utile pour déterminer qui a le contrôle de la corporation, nous avons obtenu des données sur les actions détenues par des particuliers et les avons intégrées aux renseignements sur les liens de parenté entre corporations.

## Control

In this publication the primary determinant of control of a corporation by another corporation or individuals, is the ownership of the majority of the corporations voting rights. However, in some of those cases where the ownership of voting rights is insufficient to assign control, research is undertaken to determine if options, interlocking directorships or key privately held shares exist. The findings are integrated into the control assignment process where applicable.

There are numerous methods of control outside the scope of this publication. Where the majority of a corporation's voting rights are widely diffused, a single relatively small block of shares may provide effective control. Furthermore, franchise and licencing agreements and marketing arrangements and sales contracts may also prove effective in controlling a corporation. In addition, a variety of these methods may be employed together to obtain effective control where there exists no majority shareholders.

Care should be taken in using the word "controlled". In many cases where control is said to exist corporations may still function with considerable autonomy in their financial, marketing, or operational activities. Control should be used in the context of a potential that exists and is exercised within the framework of a corporate industrial society with highly varied management practices.

## Country of Control

The control concept may be extended to take account of the assignment of foreign versus domestic control to corporations. In the absence of conclusive evidence to the contrary, a corporation is considered to be foreign controlled if 50% or more of its voting rights are known to be owned outside Canada or are held by one or more Canadian corporations that are themselves foreign controlled. The country of control of a Canadian corporation is ascribed to that foreign country in which the majority of the voting rights are held or where the majority of the voting rights of its Canadian parent company or holding companies are held. The control is assigned to Canada however in those instances where the holding of over 50% of the voting rights is distributed among non-associated shareholders in two or more foreign countries and where the voting rights held in Canada constitute the largest single block of shares reported. Note, if the Canadian plurality of shares is itself widely diffused, then the corporation may be considered foreign controlled.

## Contrôle

Dans la présente publication, le facteur principal servant à déterminer si une corporation est contrôlée par une autre ou par des particuliers est la propriété de la majorité des droits de vote de la corporation. Cependant, dans certains cas où la propriété des droits de vote ne donne pas le contrôle d'une corporation, des recherches sont faites en vue de savoir s'il existe des options, des conseils d'administration liés ou des actionnaires particuliers importants. Les constatations sont utilisées, s'il y a lieu, pour déterminer qui détient le contrôle.

Il existe de nombreuses formes de contrôle qui n'entrent pas dans le cadre de cette publication. Quand la très grande majorité des droits de vote d'une corporation est très dispersée, un seul bloc d'actions relativement peu important peut en donner le contrôle réel. De plus, les droits exclusifs, les arrangements concernant les licences et la mise en marché et les contrats de vente peuvent assurer le contrôle effectif d'une corporation. Il est aussi possible de recourir à plusieurs de ces méthodes en même temps pour obtenir le contrôle quand personne ne détient la majorité des actions.

Il faut se montrer prudent dans l'utilisation de l'expression "contrôlé(e) par". Dans de nombreux cas où l'on dit qu'il existe un contrôle, des corporations peuvent quand même jouir d'une autonomie considérable pour ce qui est du financement, de la commercialisation ou de l'exploitation. Il conviendrait de parler de contrôle seulement quand celui-ci est possible et est effectivement exercé dans le cadre d'une organisation industrielle dont les pratiques de gestion sont extrêmement variées.

## Pays de contrôle

On peut élargir le concept de contrôle pour l'appliquer au contrôle des corporations par le Canada ou par des pays étrangers. À moins de preuves contraires, une corporation est dite sous contrôle étranger si plus de 50 % de ses droits de vote sont détenus à l'extérieur du Canada ou par une ou plusieurs corporations canadiennes elles-mêmes contrôlées à l'étranger. Le contrôle d'une corporation canadienne est attribué au pays étranger qui détient la majorité de ses droits de vote ou la majorité des droits de vote de sa corporation mère, ou de ses compagnies actionnaires au Canada. Toutefois le contrôle est attribué au Canada dans les cas où plus de 50 % des droits de vote appartiennent à des actionnaires non associés de deux ou plusieurs pays étrangers et où le Canada détient le plus important bloc d'actions déclarées. Remarquez que si la majorité des actions sont détenues par des Canadiens et sont très éparpillées, la corporation peut être considérée comme étant sous contrôle étranger.

The assignment of the country of control to a corporation that is jointly and equally owned by two or more corporations is consistent with the practice used by the Business Finance Division since the control classification was adopted. A corporation whose voting rights are owned equally by a Canadian controlled and a foreign controlled corporation is given a foreign control code that corresponds to the foreign country. If two foreign controlled corporations own jointly an equal amount of voting rights of a Canadian corporation, the United States code takes precedence, followed by the United Kingdom and other countries belonging to the OECD. This practice has been substantiated by on-going examination of corporations that are joint equally owned.

Strict adherence to all the preceding conventions can lead to a company's reclassification as a result of relatively minor stock transactions. Where a stock transaction gives rise to the transfer of ownership of a majority of shares from one country to another, the corporation would normally be reclassified in terms of control. It has been found, however, that where non-resident ownership of the outstanding voting rights of a company is close to 50%, stock transactions occurring at the margin may result in frequent reclassification over a period of a few years. In order to avoid such swings, corporations are reclassified only when changes in ownership of the voting rights are substantial or do in fact appear to alter the potential or effective control over the management of the company.

To ensure statistical accuracy and consistency in the control classification of corporations, a number of crosschecks are made in respect of control with other sources of relevant information in those cases where data filed under the Corporations and Labour Unions Returns Act is considered inadequate.

### **Reporting Period**

The data contained in this report relates to the corporations' fiscal year end. A large number of corporations have fiscal years ending December and many others have fiscal years ending at other times of the year, corresponding to a large extent with the natural business cycle of the industry to which they belong. It is possible that structural changes that occurred in 1975 are not reflected in this report because the corporations involved may have had their fiscal year end prior to the date of the change. Attempts have been made to adjust for this timing problem wherever possible through research of supplementary material.

### **Industrial Classification**

The industrial classification of corporations in this report is based on the *1960 Standard Industrial*

L'attribution du pays de contrôle à une corporation appartenant à part égale à deux corporations ou plus se fait selon les critères fixés par la Division des finances des entreprises depuis qu'elle a adopté la classification selon le contrôle. Une corporation dont les droits de vote appartiennent dans une proportion égale à une corporation contrôlée au Canada et à une corporation sous contrôle étranger, reçoit le code de contrôle étranger correspondant au pays étranger. Si deux corporations sous contrôle étranger possèdent une proportion égale des droits de vote d'une corporation canadienne, le code des États-Unis a priorité, suivi de celui du Royaume-Uni puis des autres pays de l'O.C.D.E. Cette pratique a été confirmée par un examen permanent des corporations en propriété à part égale.

La stricte observation de toutes les conventions précédentes peut conduire au reclassement d'une compagnie par suite de petites transactions d'actions. Quand ces transactions donnent lieu à un transfert de propriété d'une majorité d'actions d'un pays à un autre, la corporation est normalement reclassée quant à son contrôle. Quand les actions donnant droit de vote dans une compagnie appartenaient à des non-résidents dans une proportion de près de 50 %, il est arrivé que des transactions d'actions à la limite ont eu pour résultat de reclasser plusieurs fois une corporation en quelques années seulement. Pour éviter cela, les corporations sont reclassées seulement quand la propriété des droits de vote change de façon considérable ou lorsque le contrôle réel ou éventuel de la direction de la compagnie en est effectivement modifié.

Afin d'assurer la précision statistique et l'uniformité de la classification des corporations selon le contrôle, on a effectué des recoupements avec d'autres sources d'information, lorsque les données fournies en vertu de la Loi sur les déclarations des corporations et des syndicats ouvriers étaient jugées insuffisantes.

### **Période de déclaration**

Le présent rapport repose sur les données de la fin de l'année financière des corporations. Pour un grand nombre d'entre elles, l'exercice se termine à la fin de décembre; pour d'autres, elle se termine pendant l'année civile et correspond au cycle d'affaires propre à leur branche. Il est possible que la présente publication ne prenne pas en compte certains changements survenus en 1975 parce que l'exercice des corporations concernées se terminait avant la date du changement. Nous avons essayé de remédier à ce problème aussi souvent que possible par des recherches effectuées dans d'autres documents.

### **Classification des activités économiques**

La classification industrielle des corporations utilisées dans le présent rapport est basée sur la *Classifica-*

*Classification Manual* (S.I.C.). The S.I.C. for each corporation is assigned on the basis of the codes for their constituent establishments. The establishment, typically a factory, mine, store or similar unit is defined, for statistical purposes, as the smallest separate operating entity capable of reporting all elements of basic industrial statistics which permit the calculation of "census value added" or its equivalent. Where, as in the majority of cases, the company consists of only one establishment, classification is straight forward. However, when a company has several establishments engaged in different industries, classification is much more difficult. Such companies are assigned to the industry of the establishment (or establishments) that account for the principal share of the "census value added", or its equivalent.

The Business Finance Division has made a number of important departures from the conventions adopted in the S.I.C. Manual for the petroleum and natural gas industries, the non-ferrous metal mining, smelting and refining industries and the financial industries.

In the petroleum and natural gas industries, statistics were diffused because of the level of industrial breakdown and the existing system of classifying vertically integrated corporations to the industry that contributes the major census value added. Since the activities of integrated corporations in the oil and natural gas industries may embrace two or more combinations of either extraction, refining, transportation, wholesaling or retailing, this latter problem is especially significant. All integrated firms that have activities in petroleum refining (S.I.C. 365) are classified to that industry. All other petroleum or natural gas related firms are classified to the industry that contributes the greatest census value added.

A similar departure has been taken in the case of non-ferrous metal mining, smelting and refining industries. Integrated companies are included with metal mining (S.I.C. 053-057, 059).

The Business Finance Division's coding of the finance industry provides the finest degree of classification possible. A list of these codes and the corresponding 1960 S.I.C. code follows. A description is available by obtaining a copy of the Financial Institutions Quarterly (Catalogue 61-006).

*tion des activités économiques* (C.A.É.; édition de 1960). Le code C.A.É. de chaque corporation est basé sur ceux des établissements qui la composent. L'établissement (usine, mine, magasin ou toute unité semblable) est défini, pour la statistique, comme la plus petite unité d'exploitation distincte en mesure de déclarer tous les éléments de la statistique des activités économiques qui permettent de calculer la "valeur ajoutée recensée" ou son équivalent. Lorsque, comme dans la plupart des cas, la compagnie comprend un seul établissement, la classification est simple. Cependant, quand elle compte plusieurs établissements engagés dans différentes activités économiques, cela est plus difficile. On classe alors la compagnie dans l'activité économique où exerce l'établissement ou les établissements qui sont à l'origine de la majeure partie de la "valeur ajoutée recensée" ou de son équivalent.

La Division des finances des entreprises s'est sensiblement écartée un certain nombre de fois des conventions établies dans la C.A.É. relativement aux industries du pétrole et du gaz naturel, aux industries d'extraction, de fonte et d'affinage des métaux non ferreux et aux entreprises financières.

Les statistiques des industries du pétrole et du gaz naturel étaient légèrement faussées à cause du niveau de ventilation des activités économiques et du fait que l'on classait les corporations à intégration verticale dans l'industrie qui fournissait la plus grande valeur ajoutée recensée. Comme ces corporations peuvent exercer au sein du secteur du pétrole et du gaz naturel une combinaison de deux ou plusieurs activités dans les domaines de l'extraction, du raffinage, du transport et du commerce de gros ou de détail, ce dernier problème revêt une importance particulière. Toutes les entreprises intégrées qui travaillent dans l'industrie du raffinage du pétrole (C.A.É. 365) sont désormais classées dans cette industrie, et toutes les autres entreprises dont l'activité se rapporte à l'industrie du pétrole et du gaz naturel sont classées dans le secteur qui a fourni la plus grande part de sa valeur ajoutée recensée.

Dans le cas des industries d'extraction, de fonte et d'affinage des métaux non ferreux, la Division s'est également écartée de la C.A.É. Les compagnies intégrées ont été incluses dans le secteur des mines métalliques (C.A.É. 053-057, 059).

Le codage de la Division des finances des entreprises pour le secteur financier offre le degré de ventilation le plus détaillé possible. Le lecteur trouvera plus loin une liste de ces codes et des codes C.A.É. correspondants de 1960. Une description de ces codes figure dans la publication trimestrielle sur les institutions financières (n° 61-006 au catalogue).

## INSTRUCTIONS FOR FILING

Section A (CLR2) and Section B (CLR3)

### ANNUAL RETURN OF CORPORATIONS

Required under the

#### CORPORATIONS AND LABOUR UNIONS RETURNS ACT

(Chap. 26 of the Statutes of Canada, 1962)

To the Chief Statistician of Canada,  
Ottawa, Canada

#### Corporations required to Report

Every corporation authorized under a law of Canada or a Province to carry on business within Canada is required to report, except:

- (a) A Labour Union as defined in Part II of the Act, (Labour Unions are required to report on a separate form);
- (b) Corporations described in the Schedule of Exemptions to the Act, (see other side of this sheet). Such corporations are not required to submit a claim for exemption.

#### Completion of Forms

Forms are provided for separate recording of Section A information and Section B information, as required under the Act.

Section A information will be made available to the public on payment of the fee prescribed by the Regulations. Two copies of this return are to be filed.

Section B information is privileged information and is not available to the public. Financial data in Item 1 must be reported. Two copies of this return are to be filed.

#### Period to be covered and when return is required

Every corporation (as defined above) is required to file an annual return not later than six months after the end of its fiscal period.

#### Relieving provisions

Amendments to the Corporations and Labour Unions Returns Act permit a corporation to file Section A (CLR2) and Section B (CLR3) with either The Minister of National Revenue through the Local District Taxation Office, or with the Chief Statistician of Canada.

When the information required in Items 3 to 7 of Section A (CLR2) has not changed from that reported in the prior period, the corporation need only report that there has been no change in the information so required. A corporation must complete Items 1, 2, 8 and 9 each year.

**NOTE:** When filing a **FIRST RETURN** please complete all items in detail, otherwise please complete items 1, 2, 8 and 9, and those items for which the information has changed since filing the previous return.

#### Enforcement

Penalties for the late filing and other enforcement provisions are specified in Part 1, Sections 6 and 7, of the Act.

CLR25

## INSTRUCTIONS CONCERNANT LE DÉPÔT

Section A (CLR2) et Section B (CLR3)

de la

### DÉCLARATION ANNUELLE EXIGÉE EN VERTU DE LA LOI SUR LES DÉCLARATIONS DES CORPORATIONS ET DES SYNDICATS OUVRIERS

(Chap. 26 des Statuts du Canada, 1962)

a/s Statisticien en chef du Canada,  
Ottawa, Canada

#### Corporations tenues de faire rapport

Toute corporation qu'une loi du Canada ou d'une province autorise à exercer une entreprise au Canada, sauf:

- (a) Un syndicat ouvrier tel qu'on le définit à la Partie II de la loi, (Les syndicats ouvriers sont tenus de faire rapport sur une formule distincte);
- (b) Corporations décrites dans la liste des exemptions à l'annexe de la loi (voir au verso du présent feuillet). De telles corporations ne sont pas tenues de produire une réclamation d'exemption.

#### Formules à remplir

Des formules distinctes sont fournies afin de permettre aux déclarants de consigner séparément les renseignements exigés à la Section A et les renseignements exigés à la Section B, conformément à la loi.

Les renseignements fournis dans la Section A seront à la disposition du public moyennant paiement des honoraires prescrits dans le règlement. Deux exemplaires de la formule doivent être déposés.

Les renseignements fournis dans la Section B sont confidentiels et le public n'y a pas accès. On doit fournir les données financières au poste (1). Deux exemplaires de la formule doivent être déposés.

#### Période visée et date de la déclaration

Toute société (au sens ci-dessus) est tenue de produire une déclaration annuelle au plus tard six mois après la fin de son année financière.

#### Réserves

Les modifications à la Loi sur les déclarations des corporations et des syndicats ouvriers permettent à une corporation de produire la Section A (CLR2) et la Section B (CLR3) ou au ministre du Revenu national, par l'entremise du bureau régional de l'impôt, ou au Statisticien en chef du Canada.

Lorsque les renseignements exigés sous les postes 3 à 7, de la Section A (CLR2) sont les mêmes pour la période visée par le rapport que pour la période précédente, la corporation n'a qu'à indiquer qu'il n'y a pas eu de changement dans les renseignements exigés. La corporation doit remplir chaque année les postes 1, 2, 8 et 9.

**NOTEZ:** Si c'est la **PREMIÈRE DÉCLARATION PRODUITE**, remplir tous les postes en détail, si non, compléter les postes 1, 2, 8 et 9, et tous les changements survenus depuis la déclaration précédente.

#### Exécution

Les peines pour retard et infractions aux autres dispositions relatives à l'exécution de la présente Loi sont énumérées aux articles 6 et 7 de la Partie I de ladite Loi.

Prière de conserver les présentes instructions à titre documentaire

## SCHEDULE OF EXEMPTIONS

1. A bank to which the Bank Act or the Quebec Savings Banks Act applies.
2. An insurance company or a fraternal benefit society that is registered under the Canadian and British Insurance Companies Act or the Foreign Insurance Companies Act.
3. A trust company that is licensed under the Trust Companies Act.
4. A loan company that is licensed under the Loan Companies Act.
5. A corporation that is licensed under the Small Loans Act.
6. A co-operative credit society that has been granted a certificate under the Co-operative Credit Associations Act.
7. A corporation that is an agent of Her Majesty in right of Canada or a province or is named in Schedule D to the Financial Administration Act.
8. A municipality in Canada or a municipal or other public body performing a function of government in Canada.
9. A corporation not less than ninety per cent of the shares or capital of which are owned by Her Majesty in right of Canada or a province or by a municipality in Canada.
10. A corporation that is an agent of the government of a country other than Canada.
11. A corporation not less than ninety per cent of the shares or capital of which are owned by the government of a country other than Canada.
12. A corporation having as its object the furtherance of any religious or other charitable purpose, no part of the income of which is payable to or otherwise available for the personal gain or benefit of any proprietor, member or shareholder thereof.
13. A corporation that is licensed under the Radio Act to establish a broadcasting station.
14. A transcontinental air carrier that has been designated by the Air Transport Board for Financial and other reporting purposes as a Group One air carrier.
15. A railway, telegraph, telephone or express company or a carrier by water in respect of which returns are made to the Board of Transport Commissioners for Canada in pursuance of any of the provisions of sections 384 to 389 of the Railway Act.
16. \*Any corporation, for any reporting period of the corporation in respect of which it can be established that
  - (a) the gross revenue of the corporation for that reporting period from the business carried on by it in Canada, determined as prescribed by the regulations, did not exceed five hundred thousand dollars, AND
  - (b) the assets in Canada of the corporation as of the last day of that reporting period, determined as prescribed by the regulation, did not exceed two hundred and fifty thousand dollars,

except any such corporation that is one of two or more corporations that, by reason of inter-relationship of management, ownership or financial affairs, are designated by the Minister to be related corporations and that would not, if considered as a single corporation, qualify as a corporation described in this item.
17. \*\*Any other corporation of a class prescribed by the regulations to be a class of corporations the filing of returns in respect of which is not essential to the securing of effective compliance with Part I.

\*For the purpose of paragraph (a) of Item 16 of the Schedule to the Act, the gross revenue of a corporation for a reporting period from the business carried on by it in Canada means the aggregate of all amounts received in that period or receivable in that period (depending on the method regularly followed by the corporation in computing its profit) attributable to the business carried on by it in Canada, otherwise than as or on account of capital.

For the purpose of paragraph (b) of Item 16 of the Schedule to the Act, the assets in Canada of a corporation as of the last day of a reporting period means

- (a) in the case of a corporation resident in Canada at any time in the reporting period, the amount at which the assets of the corporation are included in a balance sheet of the corporation made up as of the last day of the reporting period in accordance with generally accepted accounting principles (all relevant assets to be shown after deduction of applicable reserves for depreciation and doubtful accounts), and

## LISTE DES SOCIÉTÉS EXEMPTÉES

1. Une banque à laquelle la Loi sur les banques ou la Loi sur les banques de Québec s'applique.
2. Une compagnie d'assurance ou une société de secours mutuel qui est enregistrée aux termes de la Loi sur les compagnies d'assurance canadiennes et britanniques ou la Loi sur les compagnies d'assurance étrangères.
3. Une compagnie fiduciaire qui détient une licence aux termes de la Loi sur les compagnies fiduciaires.
4. Une compagnie de prêts qui détient une licence aux termes de la Loi sur les compagnies de prêt.
5. Une corporation de prêts qui détient une licence au termes de la Loi sur les petits prêts.
6. Une société coopérative de crédit à laquelle a été concédé un certificat aux termes de la Loi sur les associations coopératives de crédit.
7. Une corporation qui est mandataire de Sa Majesté du chef du Canada ou d'une province ou est mentionnée à l'annexe D de la Loi sur l'administration financière.
8. Une municipalité au Canada ou un corps municipal ou autre corps public remplissant une fonction gouvernementale au Canada.
9. Une corporation dont au moins quatre-vingt-dix pour cent des actions ou du capital est possédée par Sa Majesté du chef du Canada ou d'une province ou par une municipalité du Canada.
10. Une corporation qui est mandataire du gouvernement d'un pays autre que le Canada.
11. Une corporation dont au moins quatre-vingt-dix pour cent des actions ou du capital est possédée par le gouvernement d'un pays autre que le Canada.
12. Une corporation dont l'objet est la poursuite d'un but religieux ou une fin de charité dont aucune partie des revenus n'est payable ou ne peut être autrement affectée au gain ou au bénéfice personnels de quelque propriétaire, membre ou actionnaire de celle-ci.
13. Une corporation qui détient une licence aux termes de la Loi sur la radio en vue d'établir une station de radio-diffusion.
14. Un transporteur aérien transcontinental que la Commission des transports aériens, pour les raisons d'ordre financier ou aux fins des rapports à soumettre, considère comme un transporteur aérien du groupe 1.
15. Une compagnie de chemins de fer, de télégraphe, de téléphone ou de messagerie ou un voiturier par eau à l'égard desquels les déclarations sont produites à la Commission des transports du Canada conformément aux dispositions des articles 384 à 389 de la Loi sur les chemins de fer.
16. \*Une corporation, pour toute période visée par un rapport concernant la corporation à l'égard de laquelle il peut être établi que
  - a) le revenu brut de la corporation pour cette période visée par le rapport, provenant de l'entreprise exercée par elle dans les limites du Canada, déterminé de la manière prescrite par les règlements, n'a pas excédé cinq cent mille dollars, ET QUE
  - b) l'actif au Canada de la corporation au dernier jour de la période visée par ce rapport, déterminé de la manière prescrite par les règlements, n'a pas excédé deux cent cinquante mille dollars,

sauf toute semblable corporation comprise parmi deux ou plusieurs corporations qui, vu leurs relations sur le plan de la gestion, du droit de propriété ou des affaires financières, sont déclarées par le Ministre être des corporations liées entre elles et qui, si elles étaient considérées comme une corporation unique, ne rempliraient pas les conditions requises d'une corporation visée sous cette rubrique.
17. \*\*Toute autre corporation entrant dans une catégorie qui, selon les règlements, n'est pas astreinte pour se conformer fidèlement à la Partie I à produire des déclarations.

\*Aux fins de l'alinéa a) de l'article 16 de l'Annexe à la Loi, le revenu brut d'une corporation pour une période visée par un rapport et provenant des affaires exercées par elle au Canada, désigne la somme de tous les montants reçus ou à recevoir pendant ladite période (selon la méthode habituelle de la corporation de calculer ses bénéfices) et attribuables aux affaires exercées par elle au Canada, sauf apport au plus-value de capital.

Aux fins de l'alinéa b) de l'article 16 de l'Annexe à la Loi, l'actif au Canada de la corporation au dernier jour de la période visée par le rapport signifie,

- a) dans le cas d'une corporation résidant au Canada à quelque moment de la période visée par le rapport, le montant selon lequel l'actif de la corporation est porté à son bilan établi au dernier jour de la période visée, conformément aux principes comptables généralement admis (tous les éléments d'actif pertinents devant figurer après déduction des réserves appropriées pour dépréciation et créances douteuses); et

(b) in the case of any other corporation, the amount at which the assets of the corporation that

(i) were situated in Canada on the last day of the reporting period, and

(ii) were used in the reporting period primarily for the purpose of the business carried on by the corporation in Canada

are included in the balance sheet of the corporation made up as of the last day of the reporting period in accordance with generally accepted accounting principles (all relevant assets to be shown after deduction of applicable reserves for depreciation and doubtful accounts).

For the purposes of subparagraph (ii) of paragraph (b) of this footnote, where the business carried on by a corporation in a reporting period was carried on partly in Canada and partly outside of Canada the business carried on by the corporation in Canada in the reporting period means that part of the business carried on by it that was carried on in Canada.

**\*\*Pursuant to item 17 of the Schedule to the Act, each of the following classes of corporations are hereby prescribed to be a class of corporation the filing of returns in respect of which is not essential for the securing of effective compliance with Part I of the Act**

(a) a corporation, without share capital, having as its primary object the furthering of any national, patriotic, philanthropic, medical, educational, scientific, artistic, social, fraternal, sporting or athletic purpose, no part of the income of which is payable to or otherwise available for the personal gain or benefit of any proprietor, member or shareholder thereof, and

(b) any corporation for a reporting period in respect of which it can be established that all the information required to be filed by the corporation under Part I of the Act has been submitted to a department or agency of the Government of Canada and may be used in the same manner and is available for the same purpose as if the information had been filed under the Act.

#### Definition of items required under item 1. of the CLR-3, Section B

##### (a) Salaries and wages

The gross salaries and wages, commissions, fees and bonuses, in respect to employees, officers and directors of the reporting corporation, which have been charged against the income of the corporation for the fiscal period.

Gross salaries and wages should not include employee benefits and other wage related expenses such as Canada, or Quebec Pension, Unemployment Insurance, Workmen's Compensation, etc.

##### (b) Cost of materials and supplies used

This is the cost (including freight in and insurance) of materials and supplies included in the cost of manufactured or processed goods sold.

Transactions between establishments of the same corporation should not be included.

##### (c) Cost of purchased goods sold.

This is the cost of goods which are purchased and resold without any additional manufacturing or processing being performed by the reporting corporation.

Transactions between establishments of the same corporation should not be included.

b) dans le cas de toute autre corporation, le montant selon lequel les éléments d'actif de la corporation

(i) qui étaient situés au Canada au dernier jour de la période visée par le rapport, et

(ii) qui, durant la période visée, étaient principalement utilisés aux fins des affaires exercées par la corporation au Canada.

sont portés au bilan de la corporation, établi au dernier jour de la période visée, conformément aux principes comptables généralement admis (tous les éléments d'actif pertinents devant figurer après déduction des réserves appropriées pour dépréciation et créances douteuses).

Aux fins du sous-alinéa (ii) de l'alinéa b) du présent renvoi, l'expression "affaires exercées par la corporation au Canada durant la période visée par le rapport" lorsque les affaires exercées par une corporation le sont partiellement au Canada et partiellement en dehors du Canada durant ladite période, s'entend de la partie des affaires qu'elle exerce au Canada.

**\*\*Conformément à l'article 17 de l'Annexe à la Loi, chacune des catégories de corporations suivantes est, par les présentes déclarée catégorie de corporations qui, pour se conformer fidèlement à la Partie I de la Loi, ne sont pas astreintes à produire des déclarations:**

a) Toute corporation sans capital-actions, dont l'objet principal est de poursuivre un but national, patriotique, philanthropique, médical, éducatif, scientifique, artistique, social, fraternel, sportif ou athlétique, et dont nulle partie des revenus n'est payable ni autrement disponible pour le gain ou le bénéfice personnel de quelque propriétaire, membre ou actionnaire; et

b) Toute corporation pour une période visée par un rapport, à l'égard de laquelle il peut être établi que tous les renseignements que la corporation en cause est tenue de communiquer en vertu de la Partie I de la Loi ont été communiqués à un ministère ou à un organisme du gouvernement du Canada et qu'ils peuvent être utilisés de la même manière et qu'ils sont disponibles aux mêmes fins que s'ils avaient été communiqués sous l'empire de la Loi.

#### Définition des postes requis sous le poste 1 du CLR 3, Section B

##### a) Salaires et gages

Les salaires et gages bruts, commissions, droits et gratifications, à l'égard des employés, administrateurs et directeurs de la corporation déclarante, qui ont été imputés sur le revenu de la corporation pour l'exercice financier.

Les salaires et gages bruts ne devraient pas englober les prestations aux employés et autres dépenses relatives aux gages comme le Régime de pensions du Canada ou le Régime de rentes du Québec, l'assurance-chômage, les indemnités d'accidents du travail, etc.

##### b) Coût du matériel et des fournitures utilisés

C'est le coût (y compris le transport et l'assurance) du matériel et des fournitures compris dans le coût des biens fabriqués ou transformés qui sont vendus.

Les transactions entre établissements de la même corporation ne doivent pas être incluses.

##### c) Coût des produits achetés qui sont vendus.

C'est le coût des biens qui sont achetés puis revendus sans qu'un travail supplémentaire de fabrication soit effectué par la corporation déclarante.

Les transactions entre établissements de la même corporation ne doivent pas être incluses.

**4. SHARE CAPITAL OF REPORTING CORPORATION –  
CAPITAL-ACTIONS DE LA CORPORATION DÉCLARANTE:**

Number of classes of shares – Nombre de catégories d'actions . . . . . 07

(a) Description of each class authorized – Description de chaque catégorie d'actions autorisées . . . . .

(b) Number of votes per share – Droits de vote par action . . . . . 21

(c) Number of shares authorized – Nombre d'actions autorisées . . . . . \$

(d) Total amount of authorized share capital – Montant total du capital-action autorisé . . . . . \$

(e) Number of shares offered for public subscription in last 5 years – Nombre d'actions offertes en vente au public ces 5 dernières années . . . . .

(f) Number of shares held in, (see footnote) – Nombre d'actions détenues au, (voir renvoi):

Canada . . . . . 22 10

United States États-Unis . . . . . 23 20

United Kingdom – Royaume-Uni . . . . . 24 30

Other countries (please specify) – Autres pays (s.v.p. spécifier) . . . . . 25 –

. . . . . 26 –

. . . . . 27 –

No address of record – Aucune adresse d'enregistrement . . . . . 28 60

Total issued and outstanding – Total des actions émises et en circulation . . . . . 32 90

**5. CORPORATIONS HOLDING 10% OR MORE OF THE TOTAL ISSUED SHARES OF ANY CLASS – CORPORATIONS DÉTENANT 10 % OU PLUS DE L'ENSEMBLE DES ACTIONS ÉMISES DANS UNE MÊME CATÉGORIE:**

Number of such corporations – Nombre de telles corporations . . . . . 08

Please give name and address of such corporations according to the share register of your corporation. If this address in (i) is outside Canada please give in (ii), if applicable, the address of principal office in Canada – S'il vous plaît, indiquer le nom et l'adresse de telles corporations selon les registres de votre corporation. Si l'adresse à (i) est à l'étranger, indiquer à (ii) l'adresse de son principal bureau d'affaires au Canada:

(a) First such corporation – Première telle corporation:

Name – Nom . . . . .

i) street & no. – no et rue city – ville prov/state – prov/état postal-code – postal country – pays . . . . .

ii) street & no. – no et rue city – ville province postal-code – postal . . . . .

Number of shares held by this corporation – Nombre d'actions détenues par cette corporation . . . . . 35

(b) Second such corporation – Deuxième telle corporation:

Name – Nom . . . . .

i) street & no. – no et rue city – ville prov/state – prov/état postal-code – postal country – pays . . . . .

ii) street & no. – no et rue city – ville province postal-code – postal . . . . .

Number of shares held by this corporation – Nombre d'actions détenues par cette corporation . . . . . 38

(c) Third such corporation – Troisième telle corporation:

Name – Nom . . . . .

i) street & no. – no et rue city – ville prov/state – prov/état postal-code – postal country – pays . . . . .

ii) street & no. – no et rue city – ville province postal-code – postal . . . . .

Number of shares held by this corporation – Nombre d'actions détenues par cette corporation . . . . . 41

(d) Fourth such corporation – Quatrième telle corporation:

Name – Nom . . . . .

i) street & no. – no et rue city – ville prov/state – prov/état postal-code – postal country – pays . . . . .

ii) street & no. – no et rue city – ville province postal-code – postal . . . . .

Number of shares held by this corporation – Nombre d'actions détenues par cette corporation . . . . . 44

Footnote: Number of shares of each class issued and outstanding to shareholders having addresses as shown on the share register that the reporting corporation is required to keep under the law of the place of its incorporation and may be given for any date specified within 3 months prior to the end of the fiscal period for which the report is made.

Renvol: Nombre d'actions de chaque catégorie, émises et en circulation, détenues par les actionnaires dont l'adresse figure dans les registres pertinents que la corporation déclarante est obligée de tenir en vertu de la loi du lieu de sa constitution, et peut être inscrit pour une date quelconque spécifiée dans les 3 mois qui précèdent la fin de l'année financière visée par le rapport.

**6. SHAREHOLDERS WITH ADDRESSES OUTSIDE CANADA OR NO ADDRESS OF RECORD (NOT SPECIFIED IN QUESTION 5) – ACTIONNAIRES AYANT UNE ADRESSE ÉTRANGÈRE OU AUCUNE ADRESSE D'ENREGISTREMENT (NON SPÉCIFIÉES À LA QUESTION 5):**  
If such shareholder holds more than 5% of the total issued shares of any class, record the number of each class held. – Si un tel actionnaire détient plus de 5% du total des actions émises dans une même catégorie, indiquer le nombre détenu dans chaque catégorie.

Description of each class held – Description de chaque catégorie détenue

**7. SHARE CAPITAL OF OTHER CORPORATIONS HELD BY REPORTING CORPORATION – CAPITAL-ACTIONS D'AUTRES CORPORATIONS DÉTENU PAR LA CORPORATION DÉCLARANTE:**

Corporate name and address of each corporation authorized to do business in Canada in which the reporting corporation holds more than 50% of any class of issued shares – Nom et adresse de chaque corporation autorisée à exercer des affaires au Canada dont plus de 50% d'une catégorie quelconque d'actions émises sont détenues par la corporation déclarante.

	Manner of incorporation – Mode de constitution	Date of incorporation – Date de constitution	Place of incorporation – Lieu de constitution
Name – Nom _____			
Address – Adresse _____			
Name – Nom _____			
Address – Adresse _____			
Name – Nom _____			
Address – Adresse _____			
Name – Nom _____			
Address – Adresse _____			
Name – Nom _____			
Address – Adresse _____			

Note: Give address of Head Office; if not in Canada give address of principal office in Canada –

Nota: Indiquer l'adresse du siège social; si celle-ci est à l'étranger, indiquer l'adresse de son principal bureau d'affaires au Canada.

**8. CAPITAL DEBT OF REPORTING CORPORATION – DETTE OBLIGATAIRE DE LA CORPORATION:**

List all classes of debentures including bonds, debenture stock and any other form of funded debt – Énumérer toutes catégories de débetures y compris obligations, titres obligataires et autres genres de dette à long terme.

Class of Capital Debt – Catégorie de dette obligataire	Total issued and outstanding – Montant total des valeurs émises et en circulation	Total amount offered for public subscription in Canada in the last 5 years – Montant total des valeurs offertes en vente au public ces cinq dernières années

9.

**CERTIFICATION**

<p>I – Je _____ certify that Sections A(CLR2) and B(CLR3) of this return and all attached schedules and lists have been examined by me and are true, correct and complete – certifie avoir examiné et trouvé véridiques, conformes et complets les sections A(CLR2) et B(CLR3) du présent rapport, ainsi que tous les états et relevés y annexés. (name in block letters) – (nom en lettres moulées)</p>			
Signature:	Position or rank of officer – Fonction ou titre du dirigeant:	Area code – Code région d:	Telephone number – No de téléphone
			Date:

NOTE: SECTION B(CLR3) MUST BE COMPLETED BY ALL REPORTING CORPORATIONS –

For the fiscal period ended — Pour l'exercice financier clos le 19

Corporate name as per charter — Nom de la corporation d'après la charte:

1. The following three items are required. If not readily available provide estimate for the fiscal period: — (See Instructions for filing, CLR2S, page 3) — Les trois postes suivants sont requis. Estimer pour l'exercice financier s'ils chiffres ne sont pas promptement disponibles: (Voir instructions concernant le dépôt, CLR2S, page 3).

(a) Salaries and wages and other remunerations — Salaires et gages et autres formes de rémunération .....

(b) Cost of materials & supplies used — Coût du matériel et des fournitures utilisées .....

(c) Cost of purchased goods sold — Coût des produits achetés qui sont vendus .....

Omit cents — Omettre les (s) cents

Note: If the financial statements mentioned in Item 2—below have been filed with the T.2 Income Tax Return it will not be necessary to file copies with this return. — Note: Si les états financiers mentionnés au poste n° 2 ci-dessous ont été produits avec la formule T2 de l'impôt sur le revenu, il n'est pas nécessaire d'en fournir des copies avec la présente déclaration.

DOCUMENTS AND ADDITIONAL INFORMATION REQUIRED

DOCUMENTS ET RENSEIGNEMENTS SUPPLÉMENTAIRES REQUIS

2. The financial statements for a reporting period of a corporation together with schedules or lists shall consist of — Les états financiers d'une corporation et les relevés ou états qu'elle doit y joindre, pour la période visée par le rapport, doivent comprendre:

(a) A balance sheet showing the assets and liabilities of the corporation, made up as of the last day of the reporting period — Un bilan indiquant l'actif et le passif de la corporation, établi au dernier jour de la période visée par le rapport .....

(b) A statement of income and expenditure for the reporting period — Un état des revenus et des dépenses concernant la période visée par le rapport .....

(c) A statement of surplus, made up as of the last day of the reporting period — Un état de l'excédent, établi au dernier jour de la période visée par le rapport .....

(d) An auditor's report, signed by the auditor by whom the report was made — Un rapport de vérification signé par l'auteur même dudit rapport de vérification .....

(e) Reconciliation of net income per financial statements with taxable income — La conciliation du revenu net, suivant les états financiers, avec le revenu imposable .....

(f) Continuity of fixed assets and computations of capital cost allowance claimed — La continuité des immobilisations et les calculs des allocations de coût en capital réclamées .....

(g) Dividends received, indicating whether taxable or non-taxable — Les dividendes reçus en ayant soin d'indiquer s'ils sont imposables ou non .....

Please indicate below  
with a check mark (✓)  
that you have attached  
the information specified

Pour indiquer que vous avez annexé chacun des documents énumérés ci-dessous, veuillez cocher (✓) chacune des cases ci-après.

☐☐☐☐☐☐☐

The financial statements and schedules or lists in item 2 above are to be set out in the same form and containing the same particulars and other information as the financial statements schedules or lists that are required to be attached to the T2 form required to be filed by the corporation for that period in accordance with the provisions of the Income Tax Act, or that would be so required to be attached if the corporation were required to file a T2 form for that period in accordance with the provisions of the Income Tax Act — L'état financier et les relevés ou états au poste (2) ci-dessus doivent être présentés en la même forme et contenir les mêmes détails et autres renseignements que l'état financier et les relevés ou états à annexer à la formule T2 que la corporation est tenue de produire à l'égard de ladite période en conformité de la Loi de l'impôt sur le revenu, ou qui serait à annexer si la corporation était tenue de produire une formule T2 pour ladite période en conformité de la Loi de l'impôt sur le revenu.

3. Every corporation must also report such statements, other than as described in 2 above, that relate to the financial position of the corporation for the reporting period as are required by the by-laws of the corporation, or by the terms of the act or instrument by or under which the corporation was incorporated, to be laid or placed before any annual meeting of shareholders of the corporation held before the day on which return required by Part I of the Act for that reporting period is filed by the corporation with the Chief Statistician of Canada — En plus des états mentionnés à (2) ci-dessus, chaque corporation doit produire, à l'égard de la période visée par le rapport, les relevés de sa situation financière qu'elle est tenue de présenter à la réunion annuelle de ses actionnaires en vertu de ses statuts administratifs, de sa loi organique ou de l'instrument sous l'empire duquel elle est constituée, lesdits relevés devant être ceux qu'elle a présentés à la réunion de ses actionnaires la plus immédiatement antérieure à la date à laquelle la corporation transmet au Statisticien en chef du Canada la déclaration qu'exige la Partie I de la loi, relativement à la période visée .....

## CONCEPTS AND DEFINITIONS

### CONCEPTS ET DÉFINITIONS

The significant changes in content, structure and style embodied in this report and delineating it from previous publications was due primarily to the development and refinement of new concepts and definitions with respect to ownership and control. Concurrent with this activity was the development of mathematics and computer technology necessary to automate this publication. The integration of mathematics and computer technology, together with the refinement of computer science and economics was an iterative process with each pass resulting in a fuller understanding of the problem of analyzing, classifying and presenting inter-corporate relationships. This part of the report provides a definition of each concept underlying this publication, numerous instructive examples and mathematical formulations of the concepts, definitions and analysis rules.

Readers may choose to skip the Mathematical Notes at the end of this part, with no loss in understanding. Please note that the examples illustrated here do not contain the exact symbols found in the Selected Inter-corporate Structures section. The symbols used there are the final result of this methodology.

The items covered by this part are:

1. Group
2. Control
3. Enterprise
4. Joint Equal Ownership
5. Ultimate Owners and Complexes
6. Non-control Relationships
7. Ultimate Non-resident Ownership (UNRO)
8. Country of Control
9. Special Structures and Problems
10. Mathematical Notes.

#### 1. Group

If a corporation, A, has any of its voting rights owned by another corporation, B, then A and B are directly related. If A and B are directly related and there exists other corporations directly related to A then they are indirectly related to B. Similarly, if A and B are directly related and there exists other corporations directly related to B then they are indirectly related to A. Corporations that are directly or indirectly related to the same corporation are indirectly related to each other.

Les modifications apportées au contenu, à l'organisation et au style du présent rapport et qui le distinguent des éditions antérieures, s'expliquent surtout par l'élaboration et le raffinement de nouveaux concepts et définitions relatifs à la propriété et au contrôle. En même temps, on a mis au point les techniques mathématiques et informatiques nécessaires à l'automatisation de la présente publication. L'intégration de ces techniques au perfectionnement de l'informatique et de l'économie s'est faite en plusieurs temps, chaque passage permettant d'approfondir davantage les aspects d'analyse, de classification et de présentation des liens de parenté entre corporations. La présente partie du rapport définit chacun des concepts qui ont servi de base à la publication, fournit de nombreux exemples et expressions mathématiques des concepts, définitions et règles d'analyse.

Le lecteur pourra passer outre aux Notes mathématiques à la fin de cette partie, sans que sa compréhension du texte en soit réduite. Il notera que les exemples donnés ici n'utilisent pas toujours les symboles que l'on retrouve dans la section qui présente la Structure de certains liens entre corporations. Les symboles utilisés ici sont l'aboutissement de cette méthode.

La présente partie traite des aspects suivants:

1. Groupe
2. Contrôle
3. Entreprise
4. Propriété à part égale
5. Propriétaires ultimes et complexes
6. Liens de parenté sans contrôle
7. Propriété ultime de non-résidents (PUNR)
8. Pays de contrôle
9. Structures spéciales et problèmes
10. Notes mathématiques.

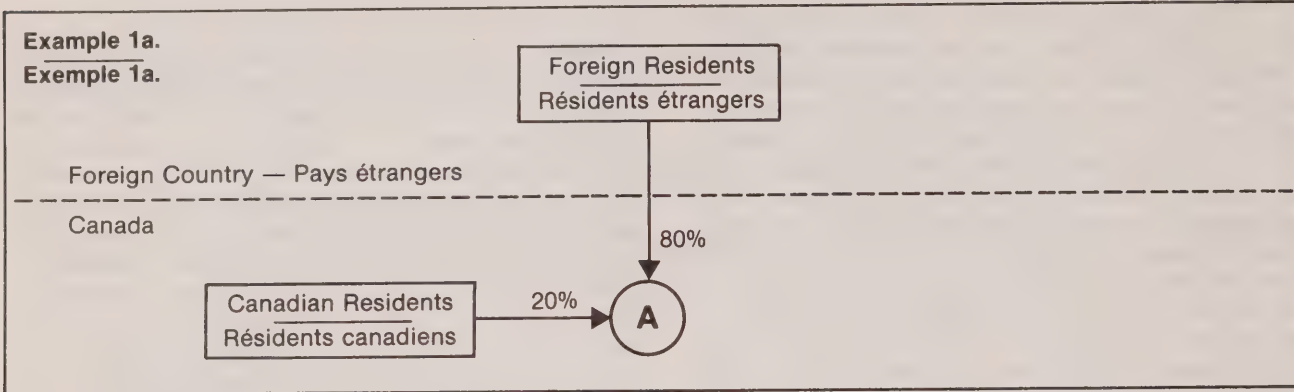

#### 1. Groupe

Si certains des droits de vote de la corporation A appartiennent à la corporation B, A et B ont des liens de parenté directs. Si A et B ont des liens directs et que d'autres corporations soient directement liées à A, ces dernières ont des liens indirects avec B. De même, si A et B ont des liens directs et que d'autres corporations soient directement liées à B, ces dernières ont des liens de parenté indirects avec A. Les corporations ayant des liens de parenté directs ou indirects avec la même corporation ont des liens de parenté indirects entre elles.

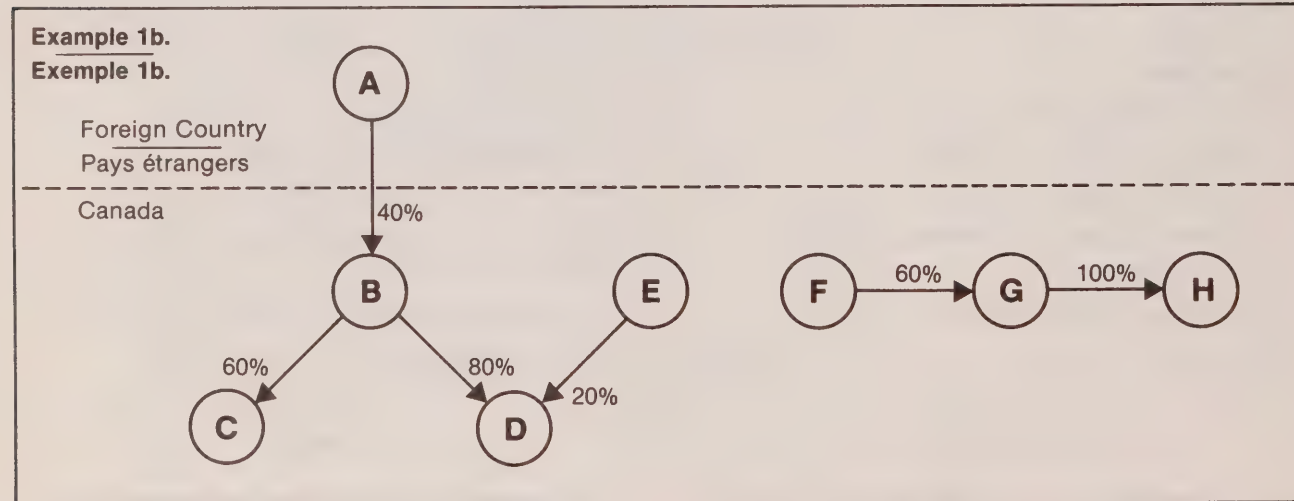

A group is a set of corporations such that every corporation is directly or indirectly related to every other corporation. A corporation that has none of its voting rights owned by another corporation is a group consisting of itself.

Un groupe est un ensemble de corporations où chacune est directement ou indirectement liée à toutes les autres. Une corporation dont aucun des droits de vote n'appartient à une autre constitue un groupe à elle seule.

In the above example corporation A has 80% of its voting rights owned by foreign residents and 20% owned by Canadian residents. As it does not have inter-corporate ownership its group contains only itself. Though such corporations are not included in this publication, they are analyzed under items 7 (Ultimate Non-resident Ownership) and 8 (Country of Control) for the CALURA, Part I, Annual Report to Parliament (Catalogue 61-210).

Dans l'exemple précédent, 80 % des droits de vote de la corporation A appartiennent à des résidents d'un pays étranger et 20 %, à des résidents du Canada. Comme il n'existe pas de lien de parenté avec d'autres corporations, ce groupe comprend uniquement cette corporation. Bien que ces corporations ne figurent pas dans la publication, elles font l'objet d'une analyse aux numéros 7 (Propriété ultime de non-résidents) et 8 (Pays de contrôle) pour la partie I du rapport CALURA présenté au Parlement (n° 61-210 au catalogue).

The above example shows two groups. In the first group, corporation A owns 40% of the voting rights of corporation B. Corporation B owns 60% of the voting rights of corporation C and 80% of the voting rights of corporation D. Corporation E owns 20% of D's voting rights. As there are no other

L'exemple précédent fait voir deux groupes. Dans le premier, la corporation A détient 40 % des droits de vote de la corporation B. Celle-ci détient 60 % des droits de vote de la corporation C et 80 % de ceux de la corporation D. La corporation E possède 20 % des droits de vote de la corporation D. Comme il n'existe aucun autre lien de

inter-corporate ownership relationships involving A, B, C, D, or E with another corporation, they form a group. Similarly, F, G, and H form another group.

The concept of grouping is fundamental in the ICO system as all analysis may be performed independently on each group.

## 2. Control

### A. Majority Control

Given a group, if a corporation or related individuals called A, has directly or indirectly greater than 50% of the exercisable voting rights of a corporation B, then A controls B.

#### Example 2a. Exemple 2a.

A controls B; B controls C and hence A controls C. The control of B by A is **direct control**. The control of C by A is **indirect control**.

parenté entre A, B, C, D ou E et une autre corporation, elles forment un groupe. F, G et H constituent un autre groupe.

L'idée de groupe est fondamentale dans le système des liens de parenté entre corporations puisque chaque groupe peut être analysé séparément.

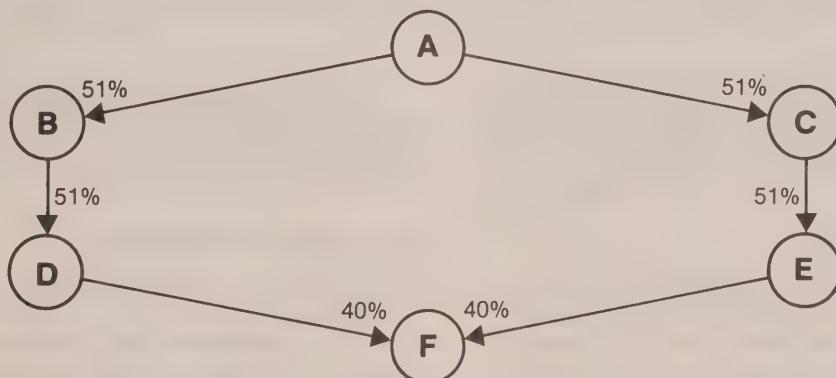

## 2. Contrôle

### A. Contrôle majoritaire

Dans un groupe donné, si une corporation (ou des personnes apparentées) que nous appellerons A, détient directement ou indirectement plus de 50 % des droits de vote effectifs d'une corporation B, elle contrôle B.

A contrôle B, B contrôle C, A contrôle donc C. Le contrôle de B par A est un **contrôle direct**. Le contrôle de C par A est un **contrôle indirect**.

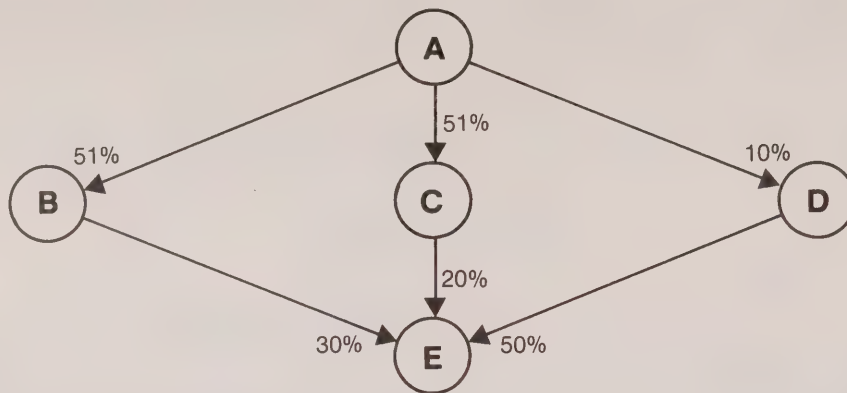

#### Example 2b. Exemple 2b.

In this example A controls all other corporations. From the logic of the previous example A controls B and C directly and D and E indirectly. As the sum of the voting rights of F by D and E is 80% then A controls F. This is **cumulative indirect control**.

Dans cet exemple, A contrôle toutes les autres corporations. En nous basant sur le raisonnement précédent, nous pouvons déduire que A contrôle directement B et C et indirectement D et E. Comme D et E possèdent au total 80 % des droits de vote de F, on peut affirmer que A contrôle F. Il s'agit de **contrôle indirect cumulatif**.

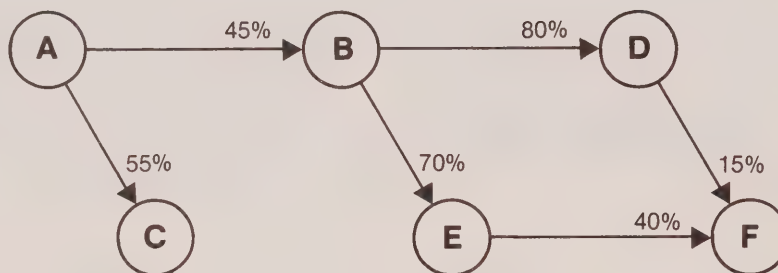

**Example 2c.**  
**Exemple 2c.**

In this example A controls B and C, but as the percentage of E's voting rights owned by B and C sums to just 50%, A does not control E.

Dans cet exemple, A contrôle B et C, mais comme B et C ne possèdent au total que 50 % des droits de vote de la corporation E, A ne contrôle pas E.

**Example 2d.**  
**Exemple 2d.**

In this example A controls C. A does not control B. B controls D and E. As the sum of the voting rights of F owned by D and E is 55%, B controls F.

Dans cet exemple, A contrôle C, mais ne contrôle pas B. B contrôle D et E. Comme D et E possèdent au total 55 % des droits de vote de F, B contrôle F.

**B. Interlocking Directorates**

When a corporation A has a percentage of exercisable voting rights (direct and/or indirect) of another corporation B that is less than 50% and if the majority of directors on B's board are on A's board or a corporation controlled by A, then B is said to be controlled by A.

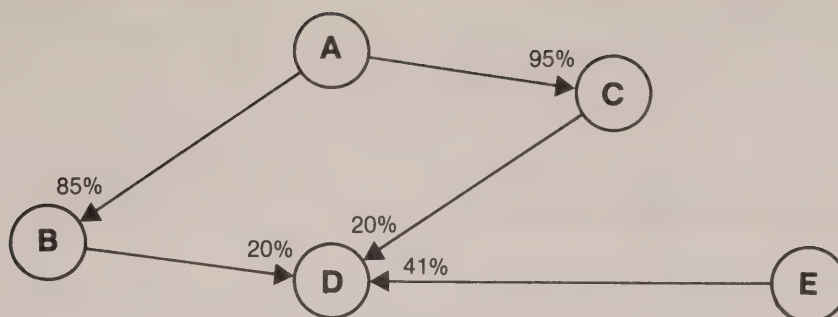

In the following example, A controls B and C. The ownership of D is such that control by another corporation cannot be assigned. However in examining the directors of corporation D it is seen that five of six directors are from corporation A or a corporation controlled by A. Thus A controls D.

**B. Conseils d'administration liés**

Quand la corporation A détient (directement ou indirectement) moins de 50 % des droits de vote effectifs de la corporation B et que la majorité des membres du conseil d'administration de B font également partie de celui de A ou d'une corporation contrôlée par A, on dit que B est contrôlée par A.

Dans l'exemple suivant, A contrôle B et C. Les droits de propriété sur D sont répartis de telle manière que le contrôle ne peut être attribué à une autre corporation. Cependant, un examen nous révèle que cinq des six administrateurs de la corporation D proviennent de A ou d'une corporation contrôlée par elle. A contrôle donc D.

**Example 2e.**  
**Exemple 2e.**

Corporations Directors — Administrateurs				
	A	B	C	D
M . . . . .	X	—	X	X
N . . . . .	—	—	X	X
O . . . . .	—	X	—	X
P . . . . .	—	X	—	X
Q . . . . .	X	—	—	X
R . . . . .	—	—	—	X

### 3. Enterprise

A corporation that is not controlled by another corporation and does not control another corporation is called a single corporation enterprise. Such a corporation is also an enterprise head.

A number of corporations acting under common control defines a multiple corporation enterprise. The corporation that controls is called an enterprise head and the controlled corporations are called subsidiaries.

### 3. Entreprise

Une corporation qui n'est pas contrôlée par une autre et n'en contrôle pas d'autres est appelée entreprise à corporation unique. Cette corporation est également désignée comme tête d'entreprise.

Un certain nombre de corporations dépendant d'un même contrôle forment une entreprise à corporations multiples. La corporation contrôlant cette entreprise est appelée tête d'entreprise, et les corporations contrôlées sont des filiales.

**Example 3a.**  
**Exemple 3a.**

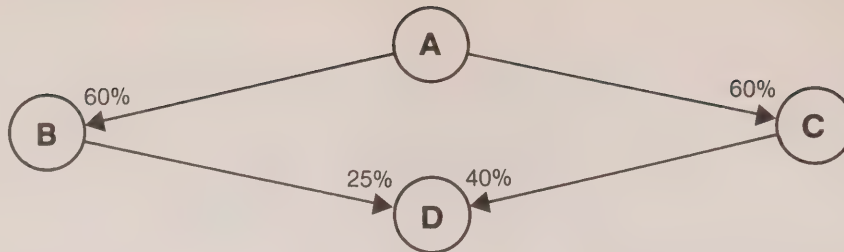

In this example A and B form a multiple corporation enterprise with enterprise head A. C is a single corporation enterprise.

Dans cet exemple, A et B forment une entreprise à corporations multiples dont A est la tête. C est une entreprise à corporation unique.

**Example 3b.**  
**Exemple 3b.**

A is an enterprise head with subsidiaries B, C and D.

A est la tête et B, C et D sont des filiales.

In the two preceding examples we may denote the enterprise as:

3 a)  $A^* = (A, B)$  3 b)  $A^* = (A, B, C, D)$   
 $C^* = (C)$

Dans les deux exemples précédents, nous pouvons représenter les entreprises de la façon suivante:

3 a)  $A^* = (A, B)$  3b)  $a^* = (A, B, C, D)$   
 $C^* = (C)$

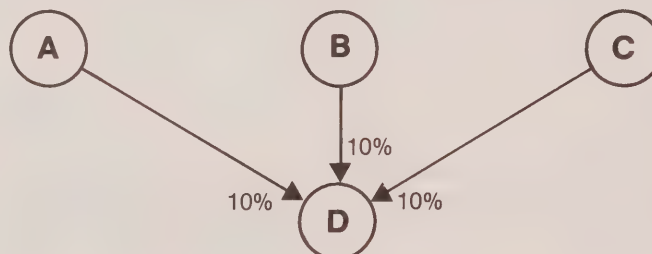

**4. Joint Equal Ownership**

If the voting rights of an enterprise head are held directly or indirectly by two or more different enterprises and if the two highest voting rights percentages are equal then the enterprise head is called a JEO and the relationship with the holding companies is called joint equal ownership.

**4. Propriété à part égale**

Si les droits de vote d'une tête d'entreprise sont détenus directement ou indirectement par deux entreprises ou plus et que les deux pourcentages les plus élevés des droits de vote soient égaux, la tête d'entreprise est dite entreprise en propriété à part égale (EPPE, ou JEO dans les tableaux), et le lien de parenté avec les compagnies actionnaires est appelé propriété à part égale.

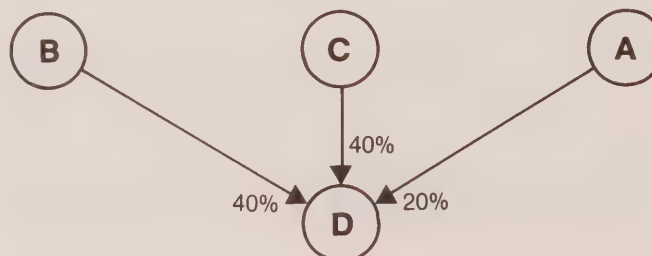

**Example 4a.**  
**Exemple 4a.**

D is a JEO held by A, B and C.

D est une EPPE contrôlée par A, B et C.

**Example 4b.**  
**Exemple 4b.**

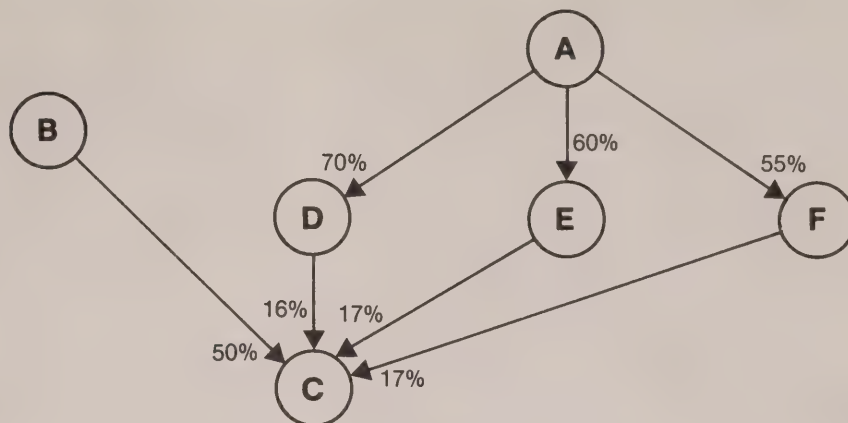

D is a JEO with holding corporations B and C.

D est une EPPE contrôlée par les corporations B et C

Where \* designates an enterprise and the first corporation shown within brackets is the enterprise head.

\* désigne une entreprise; la première corporation mentionnée entre parenthèses est la tête d'entreprise.

**Example 4c.**  
**Exemple 4c.**

B holds 50% of C directly and A holds 50% of C indirectly. Thus C is a JEO with holding corporations B and A.

B détient directement 50 % de C, et A détient indirectement 50 % de C. C est donc une EPPE appartenant aux corporations B et A.

## 5. Ultimate Owners and Complexes

To this point all corporations within a group have been classified as either enterprise heads or subsidiaries. The purpose of this item is to further define enterprise heads which are of unique importance and which will facilitate the classification of non-control relationships. The refinement consists of defining certain enterprise heads as "ultimate owners" and then uniquely assigning all enterprises to an ultimate owner. The rule for assignment is based upon the strongest ownership from the ultimate owner. The set consisting of an ultimate owner and its assigned enterprises defines what is called the **complex**. The ultimate owner within the complex is also called the complex head.

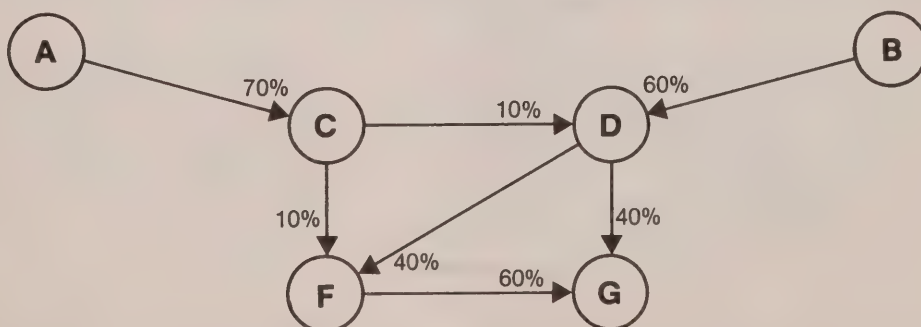

The first type of ultimate owner is that enterprise head whose voting rights are not owned by another corporation.

## 5. Propriétaires ultimes et complexes

Jusqu'ici, nous avons classé toutes les corporations d'un groupe comme têtes d'entreprises ou filiales. Nous fournissons ici des précisions additionnelles sur les têtes d'entreprises, qui revêtent une importance particulière et qui faciliteront la classification des liens de parenté sans contrôle. On y parvient en désignant certaines têtes d'entreprise comme propriétaires ultimes et en attribuant ensuite toutes les entreprises à un propriétaire ultime. L'entreprise est attribuée au propriétaire ultime qui détient la plus grande part des actions. L'ensemble formé par un propriétaire ultime et les entreprises qui lui sont attribuées forment ce que nous appellerons un **complexe**. Le propriétaire ultime d'un complexe est également appelé tête de complexe.

Le premier genre de propriétaire ultime est la tête d'entreprise dont les droits n'appartiennent à aucune autre corporation.

**Example 5a.**  
**Exemple 5a.**

Complex head	Assigned enterprises
A	(A, C)
B	(B, D); (F, G)

Tête de complexe	Entreprises attribuées
A	(A, C)
B	(B, D); (F, G)

We may denote the complexes as follows:

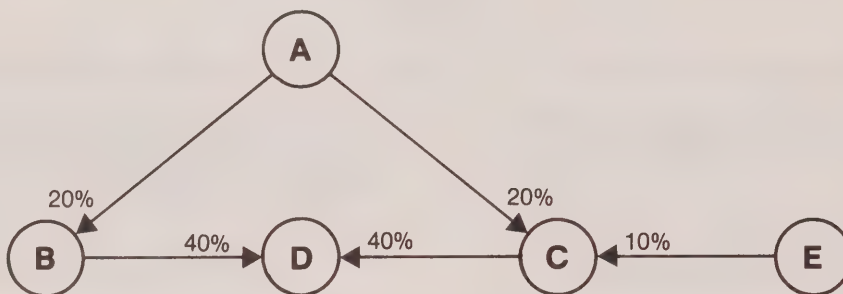

$A^{**} = \{A^*\}$  where  $A^* = (A, C)$  and  
 $B^{**} = \{B^*, F^*\}$  where  $B^* = (B, D)$   
 $F^* = (F, G)$

Nous pouvons représenter le complexe sous la forme suivante:

$A^{**} = \{A^*\}$  où  $A^* = (A, C)$ , et  
 $B^{**} = \{B^*, F^*\}$  où  $B^* = (B, D)$   
 $F^* = (F, G)$

#### Example 5b.

#### Exemple 5b.

Complex head	Assigned enterprises
A	(A); (B); (C); (D)
E	(E)

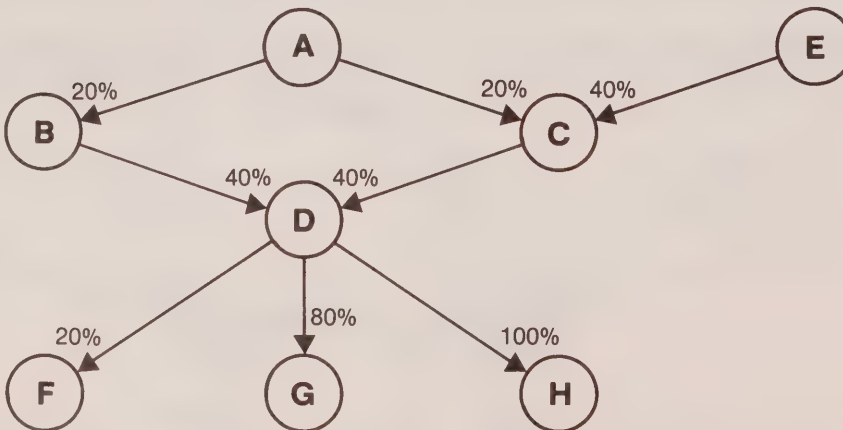

Tête de complexe	Entreprises attribuées
A	(A); (B); (C); (D)
E	(E)

It is clear that the assignment of enterprises to true ultimate owners will not completely assign all enterprises. Consider the following two examples.

Il est évident que l'attribution des entreprises à leur propriétaire ultime véritable ne sera pas exhaustive. Examinons les exemples suivants.

#### Example 5c.

#### Exemple 5c.

Where \*\* designates the complexes and the first enterprise shown in brackets is that of the complex head.

\*\* désigne un complexe; la première entreprise mentionnée entre parenthèses est la tête du complexe.

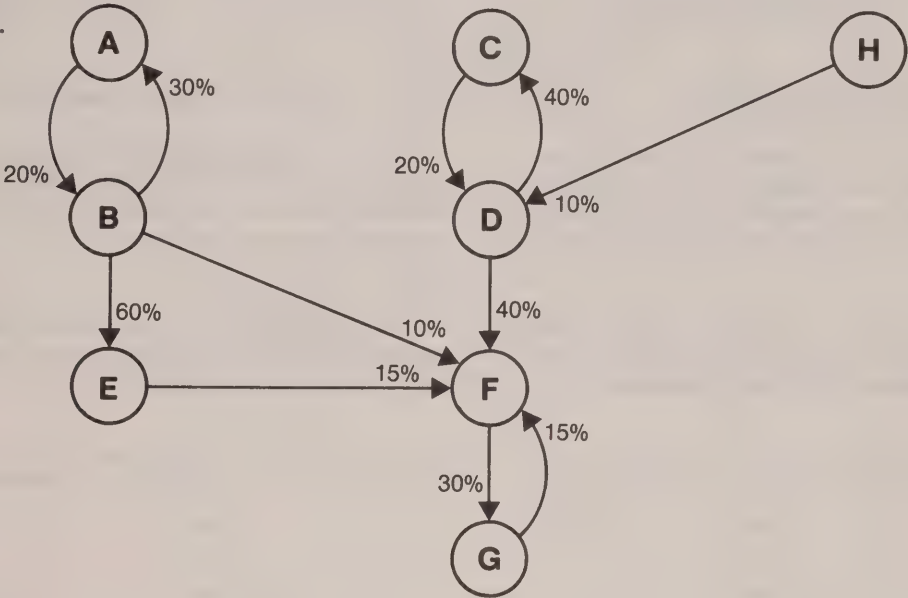

Corporations assigned to different complex heads each hold 40% of D and thus the D enterprise cannot be assigned, nor can F.

Les corporations attribuées à différentes têtes de complexe détiennent chacune 40 % de D. L'entreprise D, pas plus que F, ne peut être attribuée.

Complex head	Assigned enterprises
A	(A); (B)
E	(E); (C)
D	(D,G,H); (F)

Tête de complexe	Entreprises attribuées
A	(A); (B)
E	(E); (C)
D	(D,G,H); (F)

Example 5d.  
Example 5d.

Complex head	Assigned enterprises
B	(B,E); (A)
D	(D); (C); (F); (G)
H	(H)

Tête de complexe	Entreprises attribuées
B	(B,E); (A)
D	(D); (C); (F); (G)
H	(H)

There exists only one true ultimate owner H, in the above group and his complex contains only himself. The seven other corporations are not assigned to a complex head due to the two loops  $A \rightleftharpoons B$  and  $C \rightleftharpoons D$ .

Il n'existe qu'un propriétaire ultime véritable soit H, dans le groupe ci-dessus, et son complexe ne comprend que lui. Les sept autres corporations ne sont pas attribuées à une tête de complexe à cause de l'existence des deux boucles  $A \rightleftharpoons B$  et  $C \rightleftharpoons D$ .

These two types of problems are solved if two other ultimate owners are defined. A **JEO ultimate owner** is that JEO which has equal ownership by two or more complex heads such as corporation D in Example 5c. A **loop ultimate owner** is the least owned member of a loop such as corporation B and D in Example 5d.

On peut résoudre ces deux types de problèmes lorsque l'on définit deux autres genres de propriétaires ultimes. Un **propriétaire ultime en propriété à part égale** est l'EPPE qui est possédée également par deux têtes de complexe ou plus (la corporation D dans l'exemple 5c). Quand il existe une boucle, le **propriétaire ultime** est la composante la moins dépendante de la boucle (la corporation B dans l'exemple 5d).

In re-examining Example 5c it is clear that D is a JEO ultimate owner and thus enterprises D and F form a complex. In re-examining Example 5d it is clear that

Il ressort de l'exemple 5c que D est un propriétaire ultime en propriété à part égale et que, par conséquent, les entreprises D et F forment un complexe. Dans l'exemple

once B and D are selected as ultimate owners all the remaining enterprises may be assigned. Even the corporations in the loop  $F \lesssim G$  may be assigned to ultimate owner D.

Note, if in Example 5d we make the ownership of D by H 30% instead of 10% then the following assignments are made:

Complex head	Assigned enterprises
B	(B, E); (A)
H	(H); (D); (C); (F); (G)

## 6. Non-control Relationships

If two corporations are directly related and are members of different enterprises and both enterprises are assigned to the same complex head then such a relationship is termed a **relationship between enterprises**.

If two corporations are directly related and are members of different complexes then such a relationship is termed a **relationship between complexes**.

5d, le choix des corporations B et D comme propriétaires ultimes entraîne l'attribution de toutes les autres entreprises. Même les corporations de la boucle  $F \lesssim G$  peuvent être attribuées en propriété ultime à la corporation D.

Remarquez que si, dans l'exemple 5d, nous indiquons que H possède 30 % de D au lieu de 10 %, les résultats de l'attribution sont les suivants:

Tête de complexe	Entreprises attribuées
B	(B, E); (A)
H	(H); (D); (C); (F); (G)

## 6. Liens de parenté sans contrôle

Si deux corporations ont des liens directs et appartiennent à différentes entreprises et que toutes deux sont attribuées à la même tête de complexe, une telle relation est appelée **liens entre entreprises**.

Si deux corporations ont des liens directs et appartiennent à différents complexes, une telle relation est appelée **liens entre complexes**.

**Example 6.**  
**Exemple 6.**

As corporations B and C are both in the same complex the relationship between B and C is a relationship between enterprises (enterprises A and C). As C is assigned to complex A and E is a member of complex D, the relationship between C and E is a relationship between complexes.

Note, all relationships between corporations are now uniquely classified into three categories. The first is that of control and such relationships define the enterprise. The non-control relationships are subdivided into two categories, relationships between enterprises and relationships between complexes.

Les corporations B et C appartiennent toutes deux au même complexe, les liens entre B et C sont des liens entre entreprises (entreprises A et C). Comme C est attribuée au complexe A et que E fait partie du complexe D, les liens entre C et E sont des liens entre complexes.

Remarquez que tous les liens entre corporations se résument à trois types. Le premier type est le contrôle, et de tels liens déterminent l'entreprise. Les autres liens se subdivisent en deux catégories: liens entre entreprises et liens entre complexes.

## 7. Ultimate Non-resident Ownership (UNRO)

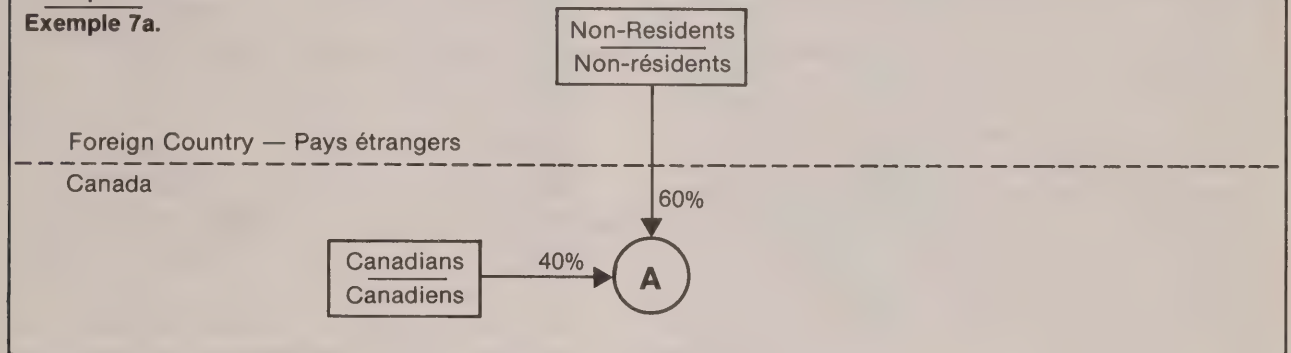

For each group an analysis is performed providing each Canadian resident corporation within the group a statistic called ultimate non-resident ownership. It represents the total percentage of a corporation's voting rights ultimately owned by non-resident individuals and corporations. This ownership may be both direct and indirect through other Canadian resident companies.

## 7. Propriété ultime de non-résidents (PUNR)

Dans chaque groupe, une analyse dégage pour chaque corporation canadienne résidente une valeur appelée "propriété ultime de non-résidents". Celle-ci représente le pourcentage total des droits de vote d'une corporation détenus en définitive par des individus non-résidents et des corporations non-résidentes. Les droits de vote peuvent être détenus de manière directe, ou par l'intermédiaire de corporations canadiennes résidentes.

### Example 7a.

### Exemple 7a.

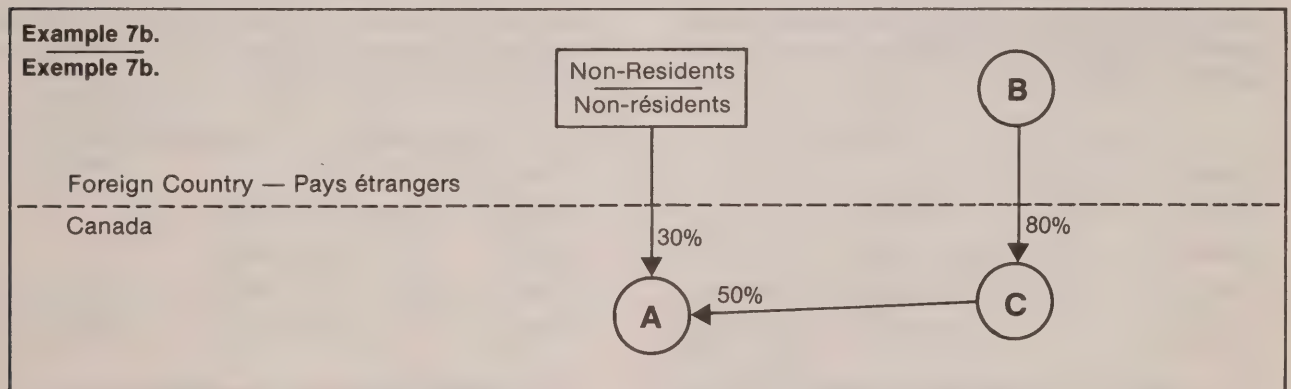

It is obvious that corporation A is 60% non-resident owned and thus  $UNRO_A = 60\%$ .

Il est évident que la corporation A appartient dans une proportion de 60 % à des non-résidents. Donc,  $PUNR_A = 60\%$ .

### Example 7b.

### Exemple 7b.

Clearly corporation C has 80% ultimate non-resident ownership,  $UNRO_C = 80\%$ . Corporation A is 30% directly non-resident owned and has in addition non-resident ownership indirectly through corporation C.

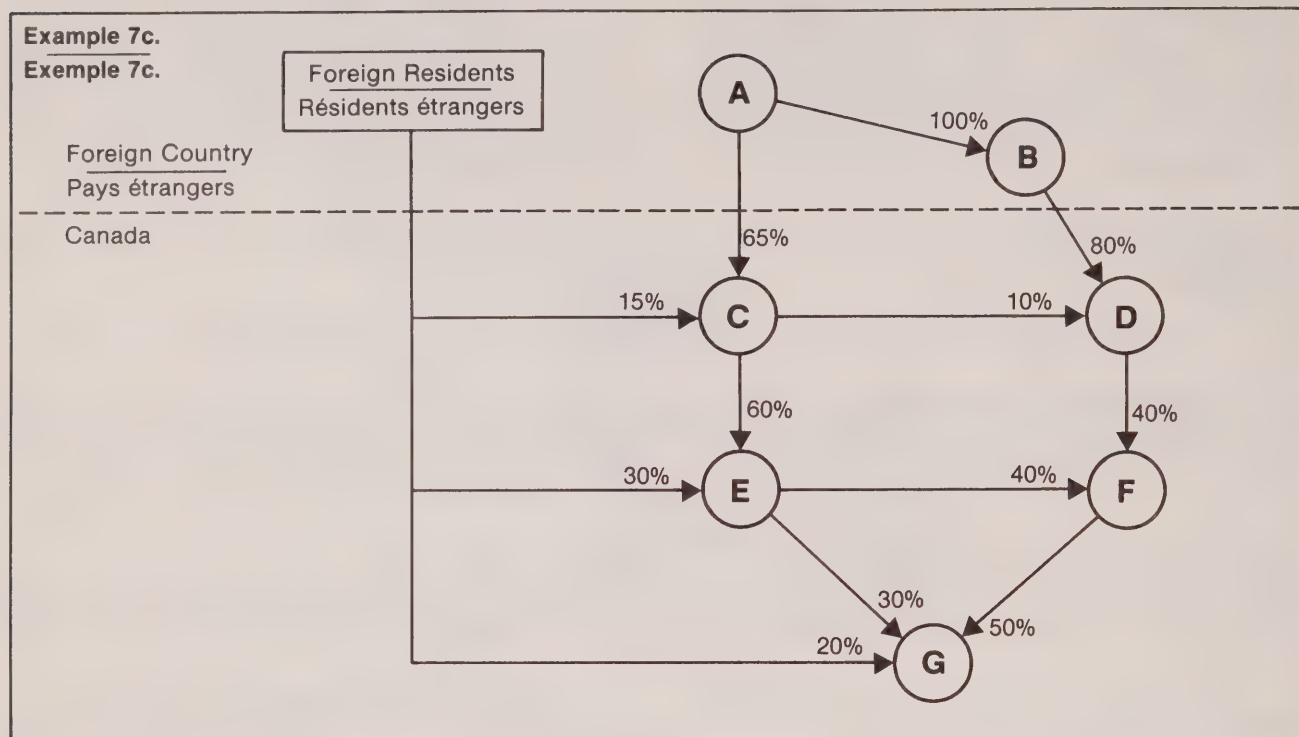

Il est clair que la corporation C appartient en définitive à des non-résidents dans une proportion de 80 %;  $PUNR_C = 80\%$ . La corporation A appartient directement à des non-résidents dans une proportion de 30 %; de plus, elle appartient indirectement à des non-résidents par l'intermédiaire de la corporation C.

	Direct		Indirect
$UNRO_A =$	.30	+	.50 ( $UNRO_C$ )
$UNRO_A =$	.30	+	.50 x .80
$UNRO_A =$	.30	+	.40

	Liens directs		Liens indirects
$PUNR_A =$	.30	+	.50 ( $PUNR_C$ )
$PUNR_A =$	.30	+	.50 x .80
$PUNR_A =$	.30	+	.40

Corporation A has 70% ultimate non-resident ownership.

En définitive, la corporation A appartient à des non-résidents dans une proportion de 70 %.

The above example has been structured so that readers may see that a system of equations can be structured and solved to calculate ultimate non-resident ownership.

L'exemple ci-dessus a pour but de démontrer qu'il est possible de construire et de résoudre un système d'équations permettant de calculer le pourcentage de propriété ultime de non-résidents.

	Direct	Indirect
$UNRO_C = .65 + .15 + 0$		
$UNRO_D = .80 + .10 (UNRO_C)$		
$UNRO_E = .30 + .60 (UNRO_C)$		
$UNRO_F = 0 + .40 (UNRO_E) + .40 (UNRO_D)$		
$UNRO_G = .20 + .30 (UNRO_E) + .50 (UNRO_F)$		

Solving the above equations we find:

$$\begin{aligned}
 UNRO_C &= 80\% \\
 UNRO_D &= 88\% \\
 UNRO_E &= 78\% \\
 UNRO_F &= 66.4\% \\
 UNRO_G &= 76.6\%
 \end{aligned}$$

## 8. Country of Control

Please note that the following rules are subject to the conditions of the Special Notes section on Country of Control.

	Liens directs	Liens indirects
$PUNR_C = .65 + .15 + 0$		
$PUNR_D = .80 + .10 (UNRO_C)$		
$PUNR_E = .30 + .60 (UNRO_C)$		
$PUNR_F = 0 + .40 (UNRO_E) + .40 (UNRO_D)$		
$PUNR_G = .20 + .30 (UNRO_E) + .50 (UNRO_F)$		

La solution des équations précédentes donne:

$$\begin{aligned}
 PUNR_C &= 80\% \\
 PUNR_D &= 88\% \\
 PUNR_E &= 78\% \\
 PUNR_F &= 66.4\% \\
 PUNR_G &= 76.6\%
 \end{aligned}$$

## 8. Pays de contrôle

Il faut noter que les règles suivantes ne s'appliquent que dans les conditions mentionnées dans la section des Notes spéciales intitulée "Pays de contrôle".

For each corporation within a group an analysis is performed to determine its "Country of Control". Each subsidiary is assigned the same country of control as its enterprise head. If this enterprise head is a true ultimate owner and a foreign resident corporation, then control is assigned to that foreign country. If the enterprise head is a Canadian resident corporation, the country of control is ascribed to that country in which the majority of the voting rights are held by both individuals and corporations. In those cases where the holdings of over 50% of the voting rights are distributed among non-associated shareholders in two or more foreign countries and where the voting rights held in Canada are concentrated and constitute the largest single holding reported by any country, Canadian control is assigned. If the Canadian holdings are widely diffused and over 50% of the voting rights are distributed among several countries then the corporation is classified as having a foreign unspecified control code. A corporation where voting rights are owned equally by a Canadian controlled and a foreign controlled corporation is given a foreign control code. If two foreign controlled corporations own jointly an equal amount of the voting rights of a Canadian corporation, the United States code takes precedence, followed by the United Kingdom and then the remaining countries belonging to the OECD.

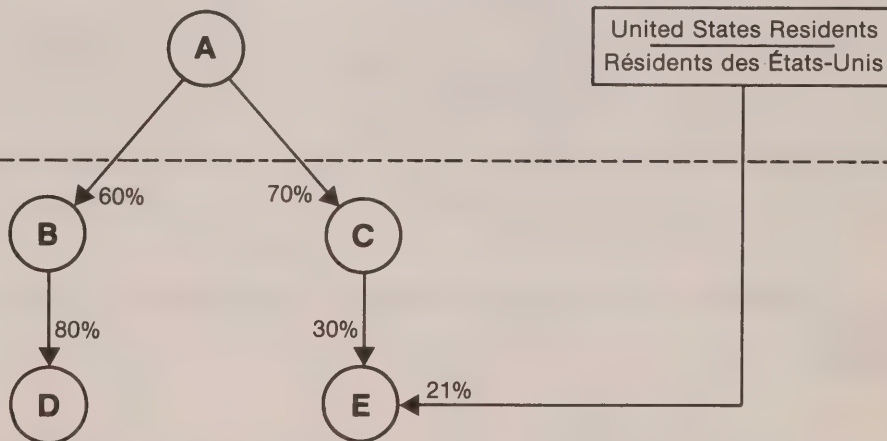

À l'intérieur d'un même groupe, une analyse est faite pour chaque corporation afin d'en déterminer le pays de contrôle. Toutes les filiales sont attribuées au pays de contrôle de leur tête d'entreprise. Si cette tête d'entreprise est un propriétaire ultime véritable et une corporation étrangère, le contrôle est attribué au pays de cette corporation. Si la tête d'entreprise est une corporation canadienne, le contrôle est attribué au pays où la majorité des droits de vote sont détenus par des particuliers et des corporations. Dans les cas où plus de 50 % des droits de vote sont répartis entre des actionnaires indépendants situés dans plus d'un pays étranger et où les droits de vote détenus au Canada sont concentrés et forment le plus fort bloc déclaré par un pays, le contrôle est attribué au Canada. Si les droits détenus par des Canadiens sont très éparpillés et que plus de 50 % des droits soient répartis entre plusieurs pays, la corporation reçoit un code de contrôle étranger ne mentionnant pas de pays. Une corporation dont les droits de vote appartiennent également à une corporation contrôlée au Canada et à une corporation sous contrôle étranger reçoit un code de contrôle étranger. Si deux corporations sous contrôle étranger détiennent une quantité égale de droits de vote d'une corporation canadienne, le code des États-Unis a la priorité, suivi de celui du Royaume-Uni et de ceux des autres pays de l'O.C.D.E.

#### Example 8a.

#### Exemple 8a.

United States  
États-Unis

Canada

In the above example all corporations are assigned a United States control code.

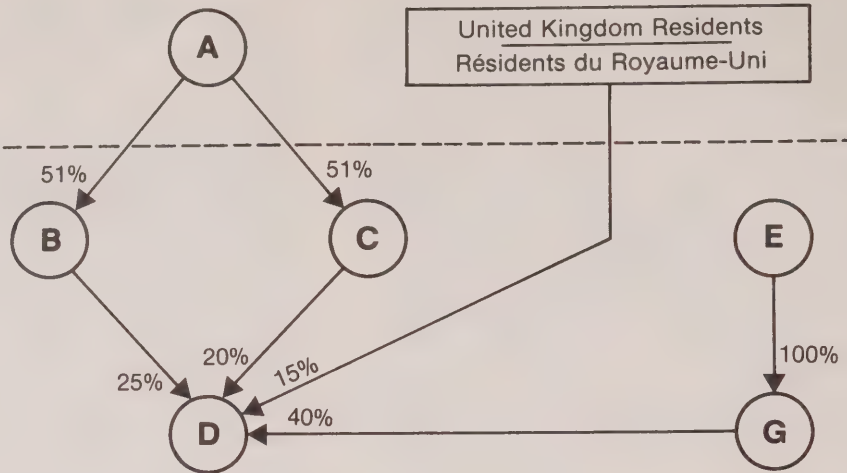

Dans l'exemple précédent, le code de contrôle de toutes les corporations est celui des États-Unis.

**Example 8b.****Exemple 8b.**

United Kingdom  
Royaume-Uni

Canada

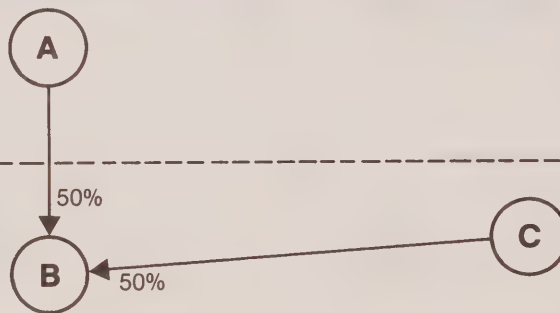

Corporations E and G are assigned Canadian control. All other corporations are assigned United Kingdom control.

Les corporations E et G reçoivent le code de contrôle canadien. Toutes les autres reçoivent celui du Royaume-Uni.

**Example 8c.****Exemple 8c.**

Japan — Japon

Canada

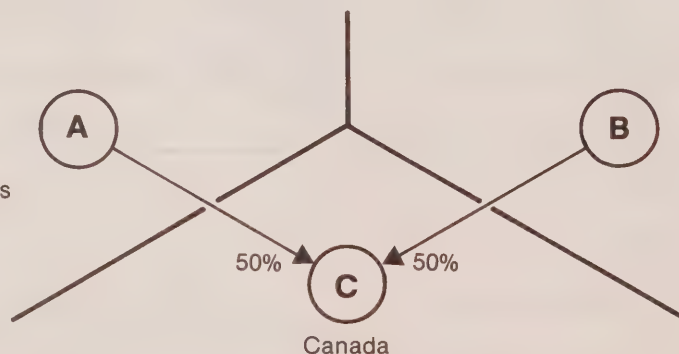

Corporation B is assigned Japanese control.

La corporation B reçoit le code de contrôle du Japon.

**Example 8d.****Exemple 8d.**

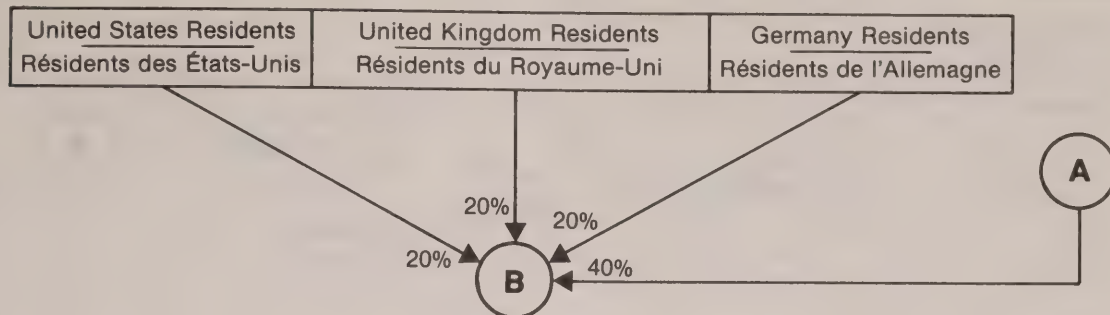

United States  
États-Unis

Sweden — Suède

Corporation C is considered United States controlled.

La corporation C est considérée comme étant sous le contrôle des États-Unis.

**Example 8e.****Exemple 8e.**

Corporation B is considered Canadian controlled as the largest single block of voting rights are owned in Canada and the rest are widely diffused. Note, if all the Canadian owned shares were widely diffused, instead of being held by a corporation then B could be considered foreign controlled.

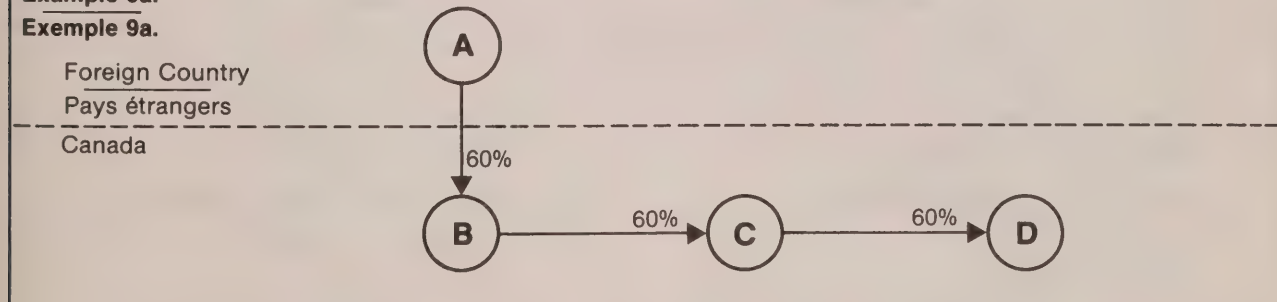

La corporation B est considérée comme étant sous contrôle canadien puisque le principal bloc de droits de vote appartient à des Canadiens et que le reste est très dispersé. Il faut noter que, si toutes les actions détenues par des Canadiens étaient éparpillées au lieu d'appartenir à une corporation, B pourrait être considérée comme étant sous contrôle étranger.

**9. Special Structures and Problems**

There are some subtleties in this methodology which this item has been written to explore. First, a distinction does exist between ultimate non-resident ownership and foreign control. In the overwhelming majority of cases high ultimate non-resident ownership and foreign control are seen together. However, a contrast between these two measures is possible as demonstrated in the following two examples.

**9. Structures spéciales et problèmes**

La méthode adoptée comporte certaines subtilités que nous voulons éclaircir ici. Premièrement, il existe une distinction entre propriété ultime de non-résidents et contrôle étranger. Dans la très grande majorité des cas, la concentration de la propriété ultime entre les mains de non-résidents et le contrôle étranger vont de pair. Cependant, il peut en être autrement, comme le démontrent les deux exemples suivants.

**Example 9a.****Exemple 9a.**

In the above example corporation D is foreign controlled with ultimate non-resident ownership of only 21.6%.

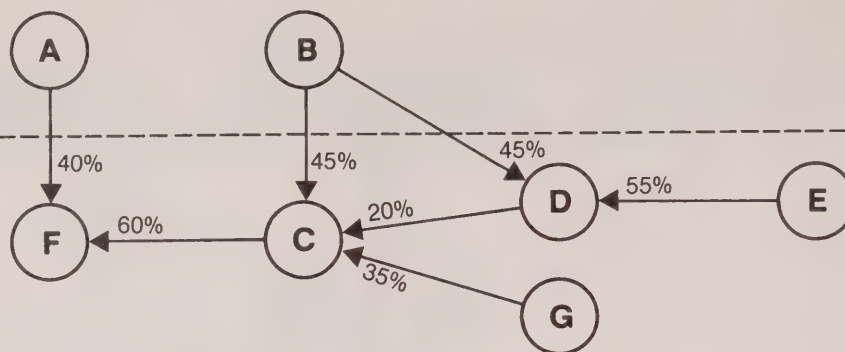

Dans l'exemple précédent, la corporation D est contrôlée par des étrangers bien que les non-résidents n'en possèdent en définitive que 21.6 %.

**Example 9b.****Exemple 9b**

Foreign Country

Pays étrangers

Canada

In the above example corporation F is Canadian controlled with ultimate non-resident ownership of 72.4%

Dans l'exemple précédent, la corporation F est sous contrôle canadien bien que les non-résidents en possèdent en définitive 72.4 %.

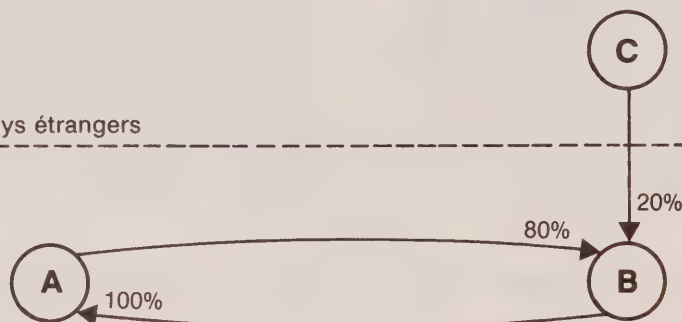

Determining a country of control for a loop poses a problem in certain cases; these are manually prespecified and then integrated with the computer derived codes. There are a few cases of loops in which the ownership values are in excess of 50%. These are examined and an enterprise head is selected. Calculating ultimate non-resident ownership with a loop may produce an unexpected result as in the following example.

Il est parfois difficile de déterminer le pays de contrôle quand il existe des liens réciproques (boucles); le pays de contrôle est déterminé manuellement, puis on procède au codage informatique. Il arrive parfois que la proportion de propriété dépasse 50 %. Après examen, on détermine une tête d'entreprise. Le calcul de la propriété ultime de non-résidents dans le cas de liens réciproques peut produire des résultats inattendus, comme dans l'exemple suivant.

**Example 9c.****Exemple 9c.**

Foreign Country — Pays étrangers

Canada

$$\begin{aligned}
 \text{UNRO}_A &= 1.0 \text{ UNRO}_B \\
 \text{UNRO}_B &= .20 + .80 \text{ UNRO}_A \\
 \text{UNRO}_B &= .20 + (.80) (1.0 \text{ UNRO}_B) \\
 \text{UNRO}_B &= 1.0 = 100\% \\
 \text{UNRO}_A &= 100\%
 \end{aligned}$$

Though there is direct foreign ownership of only 20%, the ultimate non-resident ownership is 100% for both A and B.

There are some unique cases where a JEO whose holding companies are assigned to different complex

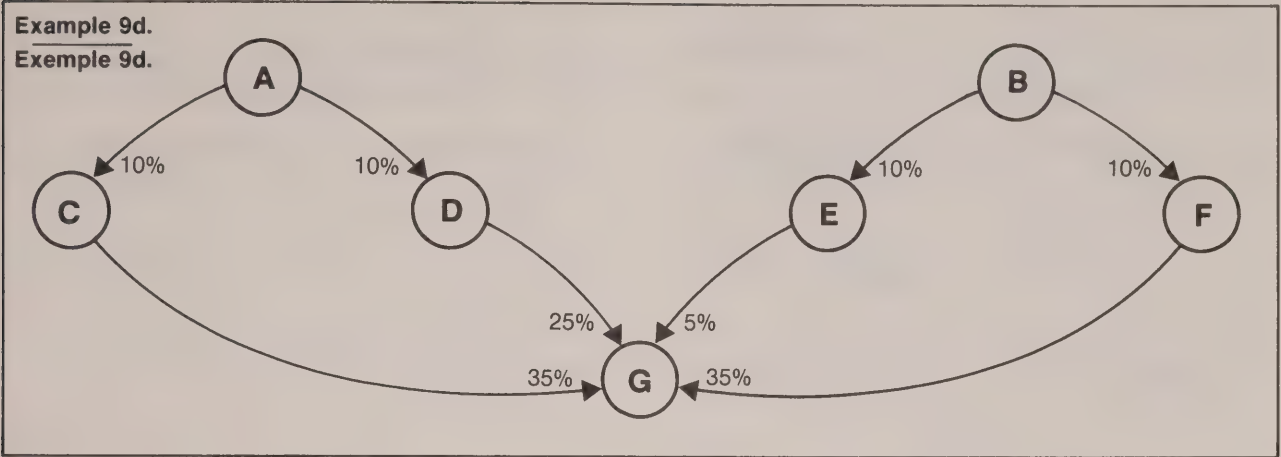

$$\begin{aligned}
 \text{PUNR}_A &= 1.0 \text{ PUNR}_B \\
 \text{PUNR}_B &= .20 + .80 \text{ PUNR}_A \\
 \text{PUNR}_B &= .20 + (.80) (1.0 \text{ PUNR}_B) \\
 \text{PUNR}_B &= 1.0 = 100\% \\
 \text{PUNR}_A &= 100\%
 \end{aligned}$$

Bien que la propriété étrangère directe n'intervienne que pour 20 %, A et B appartiennent en définitive à 100 % à des non-résidents.

Dans quelques cas très rares, une entreprise en propriété à part égale dont les sociétés propriétaires sont

heads will not be an ultimate owner. Consider the following example.

attribuées à différentes têtes de complexe ne sera pas le propriétaire ultime. Examinons l'exemple suivant.

G is JEO enterprise but not an ultimate owner.  
A is an ultimate owner whose complex contains A, C, D and G.  
B is an ultimate owner whose complex contains B, E and F.

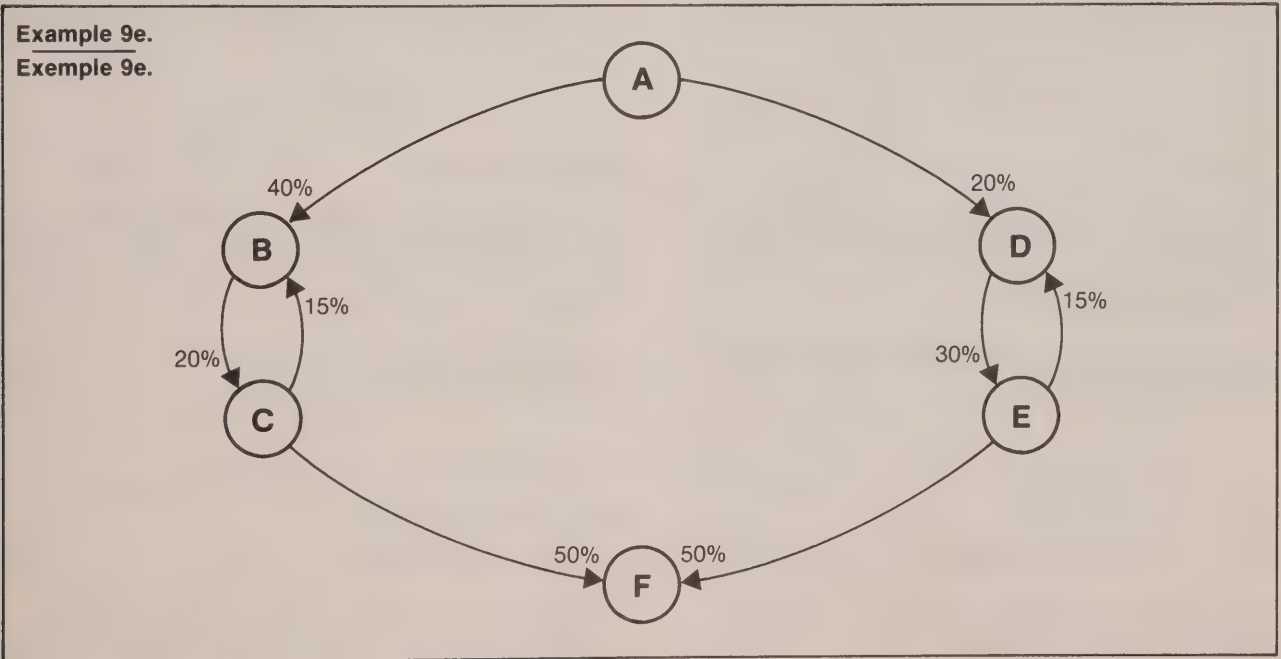

G est une EPPE, mais non un propriétaire ultime.  
A est un propriétaire ultime dont le complexe comprend A, C, D et G.  
B est un propriétaire ultime dont le complexe comprend B, E et F.

This result is due to the cumulative nature of the assignment rule and its transitive property.

Ce résultat s'explique par le caractère cumulatif de la règle d'attribution et par l'aspect transitif de la propriété.

There is a possibility in the case of loops for the structuring of complexes to change markedly with slight changes in ownership. These cases depend on changes in magnitude between ownership within a loop and ownership outside the loop. This point is illustrated in the following example.

Il se peut que de légères variations de la propriété transforment la structure des complexes dans les cas où il existe des liens de réciprocité. L'élément clef est le changement de l'ordre de grandeur des liens de parenté au sein de la boucle comparativement à ceux avec l'extérieur. L'exemple suivant illustre ce point.

Complex head	Assigned enterprises
A	(A); (B); (C); (D); (E); (F)
$A^{**} = \{A^*, B^*, C^*, D^*, E^*, F^*\}$	

If in the above example  $V_{D,A} = 10\%$ , then the following assignments are made.

Complex head	Assigned enterprises
A	(A); (B); (C)
$A^{**} = \{A^*, B^*, C^*\}$	
D	(D); (E)
$D^{**} = \{D^*, E^*\}$	
F (JEO)	(F)
$F^{**} = \{F^*\}$	

## 10. Mathematical Notes

### 10.1. Grouping

Let  $V_{i,j}$  = the percentage of voting rights of corporation  $i$  owned by  $j$ ,  $i \neq j$ .

If  $V_{i,j} > 0$  then  $R(i, j)$ , which means that  $i$  and  $j$  are related.  $R(i, j) = R(j, i)$ .

If  $R(i, j)$  and  $R(j, z)$  then  $R(i, j, z)$  which means that  $i, j$  and  $z$  are related.

Let  $S$  be the set of all corporations.

$G$  is a group if and only if

$G = \{X_1, X_2, \dots, X_n \mid R(X_1, X_2, \dots, X_n)\}$  and given  $C \in S$   $\nexists R(C, X_1, X_2, \dots, X_n)$

If  $i$  is a corporation such that  $V_{i,j} = V_{j,i} = 0$  for all  $j$ , then  $R(i)$  and  $G = \{i\}$

Let  $G_i$  and  $G_j$ ,  $i \neq j$ , represent two groups, then  $G_i \cap G_j = \emptyset$

### 10.2. Control Rules

Let  $V_{B,A}$  = the percentage of voting rights of a corporation  $B$  owned directly by another corporation, individual or family called  $A$ .

$Z$  = control criteria (%)

The following rules are applied iteratively until all control assignments do not change.

#### A. For $Z = 50\%$ – Majority Control

##### Rule 1 – Direct Control

If  $V_{B,A} > Z$  then  $A$  controls  $B$ .

Let the control of  $B$  by  $A$  be designated as  $A^*B$ , and let  $A^*B$  mean that  $A$  does not control  $B$ . ( $V_{B,A} \leq Z$  is a necessary, but not sufficient condition for  $A^*B$ .)

Tête de complexe	Entreprises attribuées
A	(A); (B); (C); (D); (E); (F)
$A^{**} = \{A^*, B^*, C^*, D^*, E^*, F^*\}$	

Si, dans l'exemple précédent,  $V_{D,A} = 10\%$ , les entreprises sont attribuées de la façon suivante:

Tête de complexe	Entreprises attribuées
A	(A); (B); (C)
$A^{**} = \{A^*, B^*, C^*\}$	
D	(D); (E)
$D^{**} = \{D^*, E^*\}$	
F (EPPE)	
$F^{**} = \{F^*\}$	

## 10. Notes Mathématiques

### 10.1. Groupement

Soit  $V_{i,j}$  = pourcentage des droits de vote de la corporation  $i$  appartenant à  $j$ ,  $i \neq j$ .

Si  $V_{i,j} > 0$ , nous avons  $R(i, j)$ , ce qui signifie que  $i$  et  $j$  ont des liens de parenté.  $R(i, j) = R(j, i)$ .

Si  $R(i, j)$  et  $R(j, z)$ , nous avons  $R(i, j, z)$ , ce qui signifie que  $i, j$  et  $z$  ont des liens de parenté.

Soit  $S$  l'ensemble de toutes les corporations.

$G$  est un groupe si et seulement si

$G = \{X_1, X_2, \dots, X_n \mid R(X_1, X_2, \dots, X_n)\}$ , étant donné  $C \in S$   $\nexists R(C, X_1, X_2, \dots, X_n)$ .

Si  $i$  est une corporation telle que  $V_{i,j} = V_{j,i} = 0$  pour toute corporation  $j$ , alors  $R(i)$  et  $G = \{i\}$ .

Étant donné deux groupes,  $G_i$  et  $G_j$ ,  $i \neq j$ , alors  $G_i \cap G_j = \emptyset$ .

### 10.2. Règles de contrôle

Soit  $V_{B,A}$  = pourcentage des droits de vote de la corporation  $B$  détenus directement par une autre corporation, par une personne ou une famille que nous appellerons  $A$ .

$Z$  = critère de contrôle (en pourcentage)

On applique les règles suivantes de façon itérative jusqu'à ce que tous les contrôles attribués soient définitifs.

#### A. Pour $Z = 50\%$ – Contrôle majoritaire

##### Règle 1 – Contrôle majoritaire

Si  $V_{B,A} > Z$ ,  $A$  contrôle  $B$ .

Désignons par  $A^*B$  le contrôle de  $B$  par  $A$  et  $A^*B$  le fait que  $A$  ne contrôle pas  $B$ . ( $V_{B,A} \leq Z$  est une condition nécessaire, mais non suffisante pour  $A^*B$ .)

## Rule 2 – Indirect Control

If  $A^*B$  and  $B^*C$  then  $A^*C$ .

Let the control of corporations by  $A$  be designated as  $A^*(B, C)$  where  $(B, C)$  is the set of controlled corporations.

## Rule 3 – Cumulative Control (Indirect and Direct)

If  $A^*(X_1, X_2 \dots X_n)$  and if there exists more than one non zero relationship in the set  $\{V_C, X_0, V_C, X_1, V_C, X_2, V_C, X_3, \dots V_C, X_n\}$  ;

where  $X_0 = A$ , such that for  $m \leq n, Z < \sum_{i=0}^m V_C, X_i$ , then  $A^*C$   
 $A^*(X_1, X_2 \dots X_n, C)$ .

B. For  $Z < 50\%$  with Interlocking Directorates<sup>1</sup>

## Rule 4

If  $A^*(X_1, X_2 \dots X_n)$  and if there exists at least one relationship of the form  $V_C, X$  such that for  $m \leq n, Z > \sum_{i=0}^m V_C, X_i$ , then  $A^*C$  if  $K/L > 50\%$ ;

where  $L$  = the number of directors of corporation  $C$

$K$  = the number of directors of  $C$  who are directors in a corporation  $A$  or a corporation controlled by  $A$ .

C. For  $Z < 50\%$  with Options<sup>1</sup>

## Rule 5

Given corporations  $A$  and  $B$  such that  $Z > V_B, A > 0$  and  $K/L \leq Z$  then

$A^*B$  if and only if there exist options which if exercised are such

that  $50\% < \sum_{i=0}^m V_B, X_i$  where  $A^*(X_1, X_2 \dots X_n)$  and  $X_0 = A$ .

## 10.3. Enterprise Definition

### A. Single Corporation Enterprise

A corporation not controlled and not controlling another is a single corporation enterprise.

Let  $G = \{A, X_1, X_2, \dots X_n\}$

If  $X_i \bar{*} A$  and  $A^* X_i$ , for all  $X_i$ , then  $A$  is an enterprise denoted as  $A^*$  or  $(A)$ .  $A$  is termed an enterprise head.

### B. Multiple Corporation Enterprise

If for  $m \leq n, A^*(X_1, X_2, \dots X_m)$  then  $(A, X_1, X_2, \dots X_m) = A^*$  is an enterprise with enterprise head  $A$ .

<sup>1</sup> Manually assigned prior to computer calculation of control.

## Règle 2 – Contrôle indirect

Si  $A^*B$  et  $B^*C$ , alors  $A^*C$ .

Posons que  $A^*(B, C)$ , où  $(B, C)$  est l'ensemble des corporations contrôlées, représente le contrôle des corporations par  $A$ .

## Règle 3 – Contrôle cumulatif (indirect et direct)

Si  $A^*(X_1, X_2 \dots X_n)$  et qu'il existe plus d'une relation non nulle dans l'ensemble  $\{V_C, X_0, V_C, X_1, V_C, X_2, V_C, X_3, \dots V_C, X_n\}$  ;

où  $X_0 = A$ , telle que pour  $m \leq n, Z < \sum_{i=0}^m V_C, X_i$ , nous avons  $A^*C$   
et  $A^*(X_1, X_2 \dots X_n, C)$ .

B. Pour  $Z < 50\%$ , lorsque les conseils d'administration sont liés<sup>1</sup>

## Règle 4

Si  $A^*(X_1, X_2, \dots X_n)$  et qu'il existe au moins une relation de forme  $V_C, X$  telle que pour tout  $m \leq n, Z > \sum_{i=0}^m V_C, X_i$ , alors  $A^*C$  si  $K/L > 50\%$ ;

où  $L$  = nombre d'administrateurs de la corporation  $C$ ;

$K$  = nombre d'administrateurs de  $C$  qui sont des administrateurs de la corporation  $A$  ou d'une corporation contrôlée par  $A$ .

C. Pour  $Z < 50\%$ , lorsqu'il existe des options<sup>1</sup>

## Règle 5

Étant donné les corporations  $A$  et  $B$  telles que  $Z > V_B, A > 0$

et que  $K/L \leq Z$ , alors  $A^*B$  si et seulement s'il existe des

options telles que si l'on s'en prévaut  $50\% < \sum_{i=0}^m V_B, X_i$

où  $A^*(X_1, X_2 \dots X_n)$  et  $X_0 = A$ .

## 10.3. Définition de l'entreprise

### A. Entreprise à corporation unique

Une corporation qui n'est pas contrôlée par une autre et n'en contrôle pas d'autres est une entreprise à corporation unique.

Soit  $G = \{A, X_1, X_2, \dots X_n\}$

Si  $X_i \bar{*} A$  et que  $A^* X_i$ , pour tout  $X_i$ , alors la corporation  $A$  sera représentée par  $A^*$  ou  $(A)$ .  $A$  est appelée tête d'entreprise.

### B. Entreprise à corporations multiples

Si, pour  $m \leq n, A^*(X_1, X_2 \dots X_m)$ , alors  $(A, X_1, X_2 \dots X_m) = A^*$  est une entreprise dont  $A$  est la tête.

<sup>1</sup> Attribution manuelle avant le calcul du contrôle par ordinateur.

#### 10.4. JEO Definition

Let there be  $m$  enterprises (single corporation and/or multiple corporation enterprises) denoted as follows:

$$\begin{aligned} X_1^* &= (X_{1,1}, X_{1,2}, X_{1,3} \dots) && \text{1st enterprise} \\ X_2^* &= (X_{2,1}, X_{2,2}, X_{2,3} \dots) && \text{2nd enterprise} \\ &\vdots && \\ &\vdots && \\ X_m^* &= (X_{m,1}, X_{m,2}, X_{m,3} \dots) && \text{mth enterprise} \end{aligned}$$

Let  $K_j = \sum_i V_{C, X_{j,i}}$ ;  $K_j$  is the sum of voting rights of corporation  $C$

held by all corporations in enterprise  $j$ .

If there exists,  $s \neq t$  such that  $K_s = K_t \geq K_j$  for all  $j \neq s, t$ , then  $C$  is a JEO.

#### 10.5. Ultimate Owners, Assignments and Complexes

##### A. Ultimate Owners

##### (a) True Ultimate Owner

Let  $A_i^*$ ,  $i = 1, 2 \dots n$  be  $n$  enterprise heads in a group  $G$ .

Let  $X_i$ ,  $i = 1, 2 \dots m$  be the set of all corporations in  $G$ .

If  $\forall A_i, X_i = 0$  for all  $X_i$  then  $A_i^*$  is a true ultimate owner.

##### (b) JEO Ultimate Owner

If  $A_i^*$  is a JEO then it is an ultimate owner.

##### (c) Loop Ultimate Owner

##### (i) Identifying the existence of a loop.

For each  $j$  such that  $V_{i,j} = 0$  for all  $i \in G$ , assign  $V_{j,z} = 0$  for all  $z \in G$ .

Continue this process until  $\exists j$  such that  $V_{i,j} = 0$  for all  $i$ .

The remaining corporations are elements of at least one loop.

##### (ii) Structuring independent loops.

Let  $L$  = the set of corporations in a group which are elements of at least one loop.  $L = \{X_i, i = 1, \dots, m\}$

Let  $L_i = \{X_i, i = 1, 2 \dots n\}$ ,  $n \leq m$  such that  $R(X_1, X_2 \dots X_n)$  and  $V_{j,m} = V_m, j = 0$  for  $j \leq n$ ,  $X_m \notin L_i$ .

Clearly  $L_i \cap L_j = \emptyset$  for  $i \neq j$  and  $L_i \cap L = L_i$

$L_i$  is called an independent loop within a group. Each corporation  $X \in L_i$  is called a loop element or element of a loop.

##### (iii) Selecting the loop ultimate owner.

Let  $V$  be a closed set of owned owner relationships in matrix format such that each corporation is an element of an independent loop.

#### 10.4. Définition d'une entreprise en propriété à part égale (EPPE)

Soit  $m$  entreprises (à corporation unique et/ou à corporations multiples) représentées comme suit:

$$\begin{aligned} X_1^* &= (X_{1,1}, X_{1,2}, X_{1,3} \dots) && \text{1}^{\text{re}} \text{ entreprise} \\ X_2^* &= (X_{2,1}, X_{2,2}, X_{2,3} \dots) && \text{2}^{\text{e}} \text{ entreprise} \\ &\vdots && \\ &\vdots && \\ X_m^* &= (X_{m,1}, X_{m,2}, X_{m,3} \dots) && \text{m}^{\text{e}} \text{ entreprise} \end{aligned}$$

Soit  $K_j = \sum_i V_{C, X_{j,i}}$ ;  $K_j$  est la somme des droits de vote de la

corporation  $C$  détenus par toutes les corporations de l'entreprise  $j$ .

S'il existe un  $s \neq t$  tel que  $K_s = K_t \geq K_j$  pour tout  $j \neq s, t$ , alors  $C$  est une entreprise en propriété à part égale.

#### 10.5. Propriétaires ultimes, attributions et complexes

##### A. Propriétaires ultimes

##### a) Propriétaire ultime véritable

Soit  $A_i^*$ ,  $i = 1, 2 \dots n$  étant des têtes d'entreprise du groupe  $G$ .

Soit  $X_i$ ,  $i = 1, 2 \dots m$  étant l'ensemble de toutes les corporations du groupe  $G$ .

Si  $\forall A_i, X_i = 0$  pour tout  $X_i$ , alors  $A_i^*$  est le propriétaire ultime.

##### b) Propriétaire ultime d'une EPPE

Si  $A_i^*$  est une entreprise EPPE, elle est une propriétaire ultime.

##### c) Propriétaire ultime au sein d'une boucle

##### (i) Détermination de l'existence d'une boucle.

Pour tout  $j$  tel que  $V_{i,j} = 0$  pour tout  $i \in G$ , attribuons  $V_{j,z} = 0$  pour tout  $z \in G$ .

Continuons ainsi jusqu'à ce que nous ayons  $\exists j$  tel que  $V_{i,j} = 0$  pour tous les  $i$ .

Toutes les corporations qui restent sont des éléments d'au moins une boucle.

##### (ii) Structuration des boucles indépendantes.

Soit  $L$  = ensemble des corporations d'un groupe qui sont des éléments d'au moins une boucle.  $L = \{X_i, i = 1 \dots m\}$

Soit  $L_i = \{X_i, i = 1, 2 \dots n\}$ ,  $n \leq m$  tel que  $R(X_1, X_2 \dots X_n)$  et  $V_{j,m} = V_m, j = 0$  pour tout  $j \leq n$ ,  $X_m \notin L_i$ .

Il est évident que  $L_i \cap L_j = \emptyset$  pour  $i \neq j$  et  $L_i \cap L = L_i$

$L_i$  est une boucle indépendante au sein d'un groupe. Chaque corporation  $X \in L_i$  est un élément d'une boucle.

##### (iii) Choix du propriétaire ultime au sein d'une boucle.

Posons que  $V$ , est une matrice représentant un ensemble clos de relations de propriété dans lequel chaque corporation est un élément d'une boucle indépendante.

Let:

$$V = \begin{bmatrix} V_{1,1} & V_{1,2} & \dots & V_{1,n} \\ V_{2,1} & V_{2,2} & \dots & V_{2,n} \\ \vdots & \vdots & \ddots & \vdots \\ V_{n,1} & V_{n,2} & \dots & V_{n,n} \end{bmatrix} \quad V_{1,1} = V_{2,2} = \dots = V_{n,n} = 0$$

Given a corporation  $i$ , there exists  $V_{i,j} > 0$ .

Let:

$$\begin{aligned} V_1 &= \sum_{j=1}^n V_{1,j} \\ V_2 &= \sum_{j=1}^n V_{2,j} \\ &\vdots \\ V_n &= \sum_{j=1}^n V_{n,j} \end{aligned}$$

Then if  $V_i < V_j$  for all  $j \neq i$  corporation  $i$  is the least owned and the ultimate owner.

Soit:

$$V = \begin{bmatrix} V_{1,1} & V_{1,2} & \dots & V_{1,n} \\ V_{2,1} & V_{2,2} & \dots & V_{2,n} \\ \vdots & \vdots & \ddots & \vdots \\ V_{n,1} & V_{n,2} & \dots & V_{n,n} \end{bmatrix} \quad V_{1,1} = V_{2,2} = \dots = V_{n,n} = 0$$

Étant donné une corporation  $i$ , il existe  $V_{i,j} > 0$ .

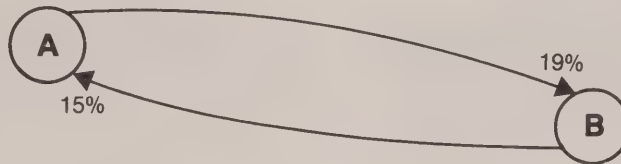

Soit:

$$\begin{aligned} V_1 &= \sum_{j=1}^n V_{1,j} \\ V_2 &= \sum_{j=1}^n V_{2,j} \\ &\vdots \\ V_n &= \sum_{j=1}^n V_{n,j} \end{aligned}$$

Alors, si  $V_i < V_j$  pour tout  $j \neq i$ , la corporation  $i$  est la moins dépendante et, par conséquent, le propriétaire ultime.

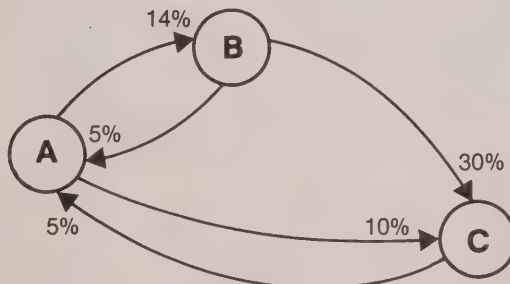

#### Example 10.5a

#### Exemple 10.5a

#### Example 10.5b

#### Exemple 10.5b

$$V_A = 10$$

$$V_B = 14$$

$$V_C = 40$$

In the above examples corporation A is the ultimate owner.

Dans les exemples ci-dessus, la corporation A est le propriétaire ultime.

#### B. Assignment Rules and Examples

The following rules for assigning enterprises to complexes are iteratively executed until all enterprise assignments do not change.

Let  $VA_{i,j}^*$ ,  $\sum_{X \in A_j^*} VA_{i,X}^*$  represent the percentage of voting rights

#### B. Règles et exemples d'attribution

On applique les règles suivantes de façon itérative jusqu'à ce que toutes les entreprises soient attribuées définitivement.

Poisons que  $VA_{i,j}^*$ ,  $\sum_{X \in A_j^*} VA_{i,X}^*$  représente le pourcentage

of enterprise head  $A_i^*$  held by all corporations in enterprise  $A_j^*$ .

- (a) If  $VA_{i,j}^* > VA_{i,z}^*$  then  $C^{**}(A_j, A_i)$  which means that enterprise  $A_j^*$  is assigned to  $A_i^*$ .
- (b) If  $C^{**}(A_j, A_i)$  and  $C^{**}(A_i, A_z)$  then  $C^{**}(A_j, A_i, A_z)$  which means that enterprise heads  $A_i^*$  and  $A_z^*$  are assigned to enterprise head  $A_j^*$ .
- (c) Let  $C^{**}(A_1, A_2 \dots A_{n-1})$  and  $C^{**}(A_k, A_{k+1} \dots A_{k+m})$ .

Let  $A_n^*$  be an unassigned enterprise head.

If  $VA_{n,1}^* + VA_{n,2}^* + \dots + VA_{n,n-1}^* > VA_{n,k}^* + VA_{n,k+1}^* + \dots + VA_{n,k+m}^*$  then  $C^{**}(A_1, A_2 \dots A_{n-1}, A_n)$

It is clear that corporations which are true ultimate owners cannot be assigned to another enterprise. If expressions (a) and (c) have equalities instead of inequalities then we have the case of the JEO ultimate owner whose holding enterprises are assigned to different complex heads. In the case of a loop selecting the least levered as an ultimate owner to whom enterprises are assigned avoids the problem of mutual assignment.

### C. Definition of Complex and an Example

Let  $C_i^{**} = \{A_i^*\}$  represent the complex  $i$  where  $A_i^*$  ( $i = 1, \dots, n$ ) are the enterprises assigned to a single given ultimate owner.

des droits de vote de la tête d'entreprise  $A_i^*$  détenus par toutes les corporations de l'entreprise  $A_j^*$ .

- a) Si  $VA_{i,j}^* > VA_{i,z}^*$ , alors  $C^{**}(A_j, A_i)$  ce qui signifie que  $A_i^*$  est attribué à  $A_j^*$ .
- b) Si  $C^{**}(A_j, A_i)$  et  $C^{**}(A_i, A_z)$ , alors  $C^{**}(A_j, A_i, A_z)$  ce qui signifie que les têtes d'entreprises  $A_i^*$  et  $A_z^*$  sont attribuées à la tête d'entreprise  $A_j^*$ .
- c) Soient  $C^{**}(A_1, A_2 \dots A_{n-1})$  et  $C^{**}(A_k, A_{k+1} \dots A_{k+m})$ .

Posons que  $A_n^*$  est une tête d'entreprise non attribuée.

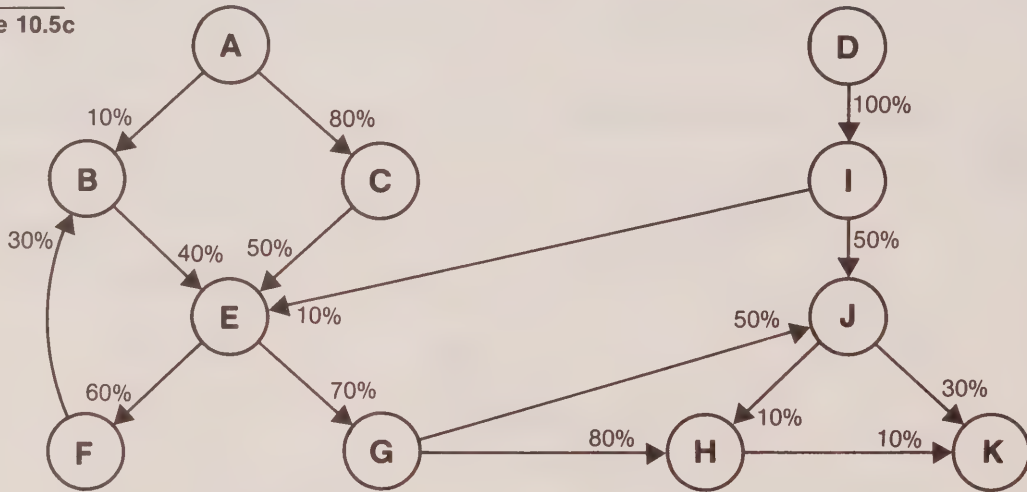

Si  $VA_{n,1}^* + VA_{n,2}^* + \dots + VA_{n,n-1}^* > VA_{n,k}^* + VA_{n,k+1}^* + \dots + VA_{n,k+m}^*$  Alors  $C^{**}(A_1, A_2 \dots A_{n-1}, A_n)$

Il est évident que les corporations qui sont des propriétaires ultimes véritables ne peuvent être attribuées à une autre entreprise. Si l'on remplace les inégalités des expressions a) et c) par des égalités, l'on est en présence d'un propriétaire ultime d'une entreprise en propriété à part égale dont les entreprises actionnaires sont attribuées à différentes têtes de complexe. Dans le cas d'une boucle, on évite le problème d'attribution réciproque en choisissant comme propriétaire ultime la corporation moins dépendante.

### C. Définition du complexe et exemple

Posons que  $C_i^{**} = \{A_i^*\}$  représente le complexe  $i$  dans lequel  $A_i^*$  ( $i = 1, \dots, n$ ) sont les entreprises attribuées à un propriétaire ultime unique.

**Example 10.5c**  
**Exemple 10.5c**

In the above example the following complexes are structured.

$A^{**} = \{A^*, E^*, B^*\}$   
 $D^{**} = \{D^*\}$   
 $J^{**} = \{J^*, K^*\}$   
 where  $A^* = (A, C)$   
 $E^* = (E, F, G, H)$   
 $B^* = (B)$   
 $D^* = (D, I)$   
 $J^* = (J)$   
 $K^* = (K)$

Dans l'exemple précédent, les complexes sont structurés.

$A^{**} = \{A^*, E^*, B^*\}$   
 $D^{**} = \{D^*\}$   
 $J^{**} = \{J^*, K^*\}$   
 où  $A^* = (A, C)$   
 $E^* = (E, F, G, H)$   
 $B^* = (B)$   
 $D^* = (D, I)$   
 $J^* = (J)$   
 $K^* = (K)$

It is interesting to note that the loop ultimate owner enterprise B, together with the elements E and F are assigned to complex A. If an element of a loop is held greater outside the loop than within then the entire loop will be assigned to another ultimate owner. If the ownership of E by C was less than 40% then B would be an ultimate owner and not assigned to A.

## 10.6. Non-control Relationships

Let:

$$C_i^{**} = \{A_1^*, A_2^*, \dots, A_n^*\}$$

$$C_j^{**} = \{B_1^*, B_2^*, \dots, B_m^*\}$$

If  $V_{k,1} > 0$  and  $A_s^* \cdot k$  and  $A_t^* \cdot 1$  for  $s \neq t$ , then  $V_{k,1}$  is a relationship between enterprises  $A_s^*$  and  $A_t^*$  within complex i.

If  $V_{k,1} > 0$  and  $A_s^* \cdot k$  and  $B_t^* \cdot 1$  or  $A_s^* \cdot 1$  and  $B_t^* \cdot k$  then  $V_{k,1}$  is a relationship between complexes  $C_i^{**}$  and  $C_j^{**}$ .

## 10.7. Calculating Ultimate Non-resident Ownership

Let:

$U_i$  = the ultimate non-resident ownership of corporation "i",

$d_i$  = the direct holdings of "i" by non-residents, and

$V_{i,j}$  = the voting rights of "i" owned by corporation "j".

The following conditions hold,

$$(1) \sum_j V_{i,j} \leq 1 - d_i$$

$$(2) V_{i,i} = 0$$

(3) If "j" is a foreign resident corporation such that  $V_{j,x} = 0$  for all "x" then  $U_j = d_j = 100\%$

The sum of direct and indirect non-resident ownership are calculated as follows:

$$(1) U_1 = d_1 + \sum_j V_{1,j} \cdot U_j$$

$$U_2 = d_2 + \sum_j V_{2,j} \cdot U_j$$

.

.

$$U_n = d_n + \sum_j V_{n,j} \cdot U_j$$

If we let:

$$\underline{U} = \begin{bmatrix} U_1 \\ U_2 \\ \vdots \\ U_n \end{bmatrix}; \quad \underline{D} = \begin{bmatrix} d_1 \\ d_2 \\ \vdots \\ d_n \end{bmatrix} \quad \text{and} \quad \underline{V} = \begin{bmatrix} V_{1,1} & V_{1,2} & \dots & V_{1,n} \\ V_{2,1} & V_{2,2} & \dots & V_{2,n} \\ \vdots & \vdots & \ddots & \vdots \\ V_{n,1} & V_{n,2} & \dots & V_{n,n} \end{bmatrix}$$

then expression (1) may be written as:

$$(2) \underline{U} = \underline{D} + \underline{V} \underline{U}$$

$$(3) (\underline{U} - \underline{V} \underline{U}) = \underline{D}$$

$$(4) \underline{U} (\underline{I} - \underline{V}) = \underline{D}$$

$$(5) \underline{U} = \underline{D} (\underline{I} - \underline{V})^{-1}$$

Theoretically expression (5) shows the solution to the problem of calculating ultimate non-resident ownership.

Il est intéressant de remarquer que la corporation B, propriétaire ultime d'une entreprise au sein d'une boucle, ainsi que les éléments E et F sont attribués au complexe A. Si un élément d'une boucle est contrôlé davantage à l'extérieur de la boucle qu'à l'intérieur, toute la boucle sera attribuée à un autre propriétaire ultime. Si C possédait moins de 40 % de E, alors B serait propriétaire ultime et ne serait pas attribuée à A.

## 10.6. Liens sans contrôle

Soit:

$$C_i^{**} = \{A_1^*, A_2^*, \dots, A_n^*\}$$

$$C_j^{**} = \{B_1^*, B_2^*, \dots, B_m^*\}$$

Si  $V_{k,1} > 0$  et  $A_s^* \cdot k$  et  $A_t^* \cdot 1$  pour  $s \neq t$ , alors  $V_{k,1}$  indique un lien entre les entreprises  $A_s^*$  et  $A_t^*$  du complexe i.

Si  $V_{k,1} > 0$  et  $A_s^* \cdot k$  et  $B_t^* \cdot 1$  ou  $A_s^* \cdot 1$  et  $B_t^* \cdot k$ , alors  $V_{k,1}$  indique un lien entre les complexes  $C_i^{**}$  et  $C_j^{**}$ .

## 10.7. Calcul de la propriété ultime de non-résidents

Soit:

$U_i$  = propriété ultime de la corporation i par A des non-résidents,

$d_i$  = possession directe de i par des non-résidents, et

$V_{i,j}$  = droits de vote de i détenus par la corporation j.

Les conditions suivantes étant posées,

$$(1) \sum_j V_{i,j} \leq 1 - d_i$$

$$(2) V_{i,i} = 0$$

(3) Si j est une corporation étrangère telle que  $V_{j,x} = 0$  pour tout x, alors  $U_j = d_j = 100\%$

On obtient le total de la propriété directe et indirecte de non-résidents de la façon suivante:

$$(1) U_1 = d_1 + \sum_j V_{1,j} \cdot U_j$$

$$U_2 = d_2 + \sum_j V_{2,j} \cdot U_j$$

.

.

$$U_n = d_n + \sum_j V_{n,j} \cdot U_j$$

Soit:

$$\underline{U} = \begin{bmatrix} U_1 \\ U_2 \\ \vdots \\ U_n \end{bmatrix}; \quad \underline{D} = \begin{bmatrix} d_1 \\ d_2 \\ \vdots \\ d_n \end{bmatrix} \quad \text{et} \quad \underline{V} = \begin{bmatrix} V_{1,1} & V_{1,2} & \dots & V_{1,n} \\ V_{2,1} & V_{2,2} & \dots & V_{2,n} \\ \vdots & \vdots & \ddots & \vdots \\ V_{n,1} & V_{n,2} & \dots & V_{n,n} \end{bmatrix}$$

alors l'expression (1) peut s'écrire ainsi:

$$(2) \underline{U} = \underline{D} + \underline{V} \underline{U}$$

$$(3) (\underline{U} - \underline{V} \underline{U}) = \underline{D}$$

$$(4) \underline{U} (\underline{I} - \underline{V}) = \underline{D}$$

$$(5) \underline{U} = \underline{D} (\underline{I} - \underline{V})^{-1}$$

Théoriquement, l'expression (5) indique la façon de déterminer qui est le propriétaire ultime non-résident. Elle con-

It consists of subtracting the ownership matrix "V" from the identity matrix "I", inverting the resulting matrix and pre-multiplying by the column vector "D".

In actual practice the iterative Gauss-Seidel method is used. Condition (1),  $\sum_j V_{i,j} \leq 1 - d_i$  and condition (2),  $V_{i,i} = 0$ , ensure the convergence to the proper solution. Readers may refer to a text in numerical linear algebra for a complete description of the Gauss-Seidel iterative method.

siste à soustraire la matrice "V" (propriété) de la matrice "I" (identité), à inverser la matrice résultante et à la multiplier par la colonne-vecteur "D".

En pratique, on utilise la méthode itérative de Gauss-Seidel. Les conditions (1),  $\sum_j V_{i,j} \leq 1 - d_i$  et (2),  $V_{i,i} = 0$ , assurent la convergence vers la bonne solution. Les lecteurs peuvent voir une description exhaustive de la méthode itérative de Gauss-Seidel sous forme d'algèbre linéaire.

## 10.8. Assigning the Country of Control

$C_j^n$  = the country of control of company j after n iterations.

$C_j^0$  = the country of residence of company j.

$H_j$  = the set of holding companies of company j.

$V_{j,k}$  = the % of voting rights of company j held by corporation k ( $k \in H_j$ )

$R_{i,j}$  = the % of voting rights of company j held by individual residents of country i.

$P_{i,j}$  = the proportion of shares of company j controlled by country i

OR

= the sum of the proportion of shares held by the holding companies of j where control is i and the proportion of shares of company j held by individual residents in country i

$$= R_{i,j} + \sum_{V_{j,k} | C_k^{n-1} = i} V_{j,k}$$

Note that:

$$\sum_{k \in H_j} V_{j,k} + \sum_i R_{i,j} = 100\%$$

Iterative procedure:

Step (1) Calculate  $C_j^n$  for all j

(2) If  $\exists j | C_j^n \neq C_j^{n-1}$  then  $n = n + 1$  and go to step (1)

If  $C_j^n = C_j^{n-1}$  for all j then stop.

  9. Foreign unspecified
  10. Canada
  11. Canada -- Uncertain<sup>2</sup>

1. If  $P_{i,j} > 50\%$  then  $C_j = i$

2. If  $50\% > P_{i,j} > P_{m,j}$  for all m, then

- (a) if  $i = 10$  then  $C_j = 10$
- (b) if  $i \neq 10$  then  $C_j^n = 9$

3. If  $P_{i,j} = P_{m,j} > P_{t,j}$  for all  $t \neq i, m$ , then  $C_j = i, i < m$

<sup>2</sup> Code 11 is used in cases of unresearched nominees, exempt corporations and/or partnerships.

## 10.8. Attribution du pays de contrôle

$C_j^n$  = pays de contrôle de la compagnie j après n itérations

$C_j^0$  = pays de résidence de la compagnie j

$H_j$  = ensemble des compagnies propriétaires de j

$V_{j,k}$  = pourcentage des droits de vote de la compagnie j détenus par la corporation k ( $k \in H_j$ )

$R_{i,j}$  = pourcentage des droits de vote de la compagnie j détenus par des individus du pays i

$P_{i,j}$  = proportion des parts de la compagnie j contrôlées par le pays i

OU

= somme de la proportion des actions détenues par des compagnies actionnaires de j, provenant du pays de contrôle i, et de la proportion des actions de la compagnie j appartenant à des individus du pays i

$$= R_{i,j} + \sum_{V_{j,k} | C_k^{n-1} = i} V_{j,k}$$

Notons que:

$$\sum_{k \in H_j} V_{j,k} + \sum_i R_{i,j} = 100\%$$

Procédure itérative:

Étape (1) Calculer  $C_j^n$  pour tout j

(2) Si  $\exists j | C_j^n \neq C_j^{n-1}$ , alors  $n = n + 1$  et revenir à l'étape 1.

Si  $C_j^n = C_j^{n-1}$  pour tout j, alors arrêter.

  11. Canada -- Incertain<sup>2</sup>

1. Si  $P_{i,j} > 50\%$ , alors  $C_j = i$ .

2. Si  $50\% > P_{i,j} > P_{m,j}$  pour tout m, alors

- a) si  $i = 10$ , alors  $C_j = 10$
- b) si  $i \neq 10$ , alors  $C_j^n = 9$

3. Si  $P_{i,j} = P_{m,j} > P_{t,j}$  pour tout  $t \neq i, m$ , alors  $C_j = i, i < m$

<sup>2</sup> Le code 11 est utilisé quand il n'y a pas eu de recherches sur les nominataires, les corporations exemptées et (ou) les entreprises en nom collectif.

## UTILISATION DE LA PUBLICATION

The purpose of this section is to explain how to use the Volume I Index of Corporations and reference the statistical and inter-corporate ownership information contained in Volume II.

## Volume I – Corporate Index

## Alphabetical Sequence

The ICO index is an alphabetical listing of corporations with inter-corporate ownership, who file a CALURA return or have been specially researched. Family names and private holdings are included where researched and found related to inter-corporate holdings.

In sorting names most articles, conjunctions and prepositions are ignored. For example, THE, DE, DES, LA, LE and LES used in the beginning of a corporation's name and immediately followed by a space are ignored in the sort sequence of the index. In particular, THE DE HAVILLAND AIRCRAFT OF CANADA LIMITED appears under HAVILLAND. The words "compagnie" and "corporation" are sorted respectively under "cie" and "corp". The alphabet precedes all numbers in the sort hierarchy and a space has a priority over all letters. Thus, within each letter of the alphabet, initials with a space are first (A A Ltd., A B Inc.). Alpha numeric names with a space are next (A 3 Auto). These are followed by full names and unspaced initials (ABC Ltd., Allied Inc.). Unspaced alpha numeric names are at the end of each letter (A4 Taxi). Note, names that commence numerically are listed first in the index and are in ascending order (3M Canada Ltd., 4G Imports).

## Corporate Status and Identifiers

Opposite each name are three columns of information:

1. corporate status
2. group-complex-enterprise code
3. page number

The first column information on corporate status has the following abbreviation and meanings.

**ULT** – An enterprise head that is designated as the head of a complex. This may be either a true ultimate owner or loop ultimate owner.

**JEO** – An enterprise head that is joint equally owned and designated as the head of a complex.

**ENT** – An enterprise head that is not a ULT or JEO. This may be the parent of a multicorporate enterprise or a single corporate enterprise.

**SUB** – A corporation controlled by either a ULT, JEO or ENT.

Dans la présente section, nous nous proposons d'expliquer comment utiliser le volume I, Index des corporations et de fournir des références pour les statistiques et l'information sur les liens de parenté entre corporations contenues dans le volume II.

## Volume I – Index des corporations

## Ordre alphabétique

L'index énumère alphabétiquement les corporations ayant des liens de parenté qui présentent des déclarations en vertu de CALURA ou qui ont fait l'objet de recherches spéciales. Les noms de famille et de sociétés privées figurent dans l'index quand des recherches ont révélé qu'ils avaient des participations dans des corporations.

Dans l'ordre des noms, nous n'avons pas tenu compte de la plupart des articles, conjonctions et prépositions. Par exemple, les noms de corporations commençant par THE, DE, DES, LA, LE et LES, suivis immédiatement d'un espace, sont classés en ne tenant pas compte de l'article ou de la préposition. Particulièrement dans le cas de THE DE HAVILLAND AIRCRAFT OF CANADA LIMITED qui apparaît sous HAVILLAND. Les noms commençant par "compagnie" ou "corporation" sont classés respectivement sous "cie" et "corp". Les lettres ont préséance sur les chiffres, et un espace a préséance sur une lettre. Donc, pour chaque lettre, les noms commençant par une lettre viennent en premier (A A Ltée, A B Inc.). Les noms commençant par une lettre suivie d'un chiffre viennent ensuite (A 3 Auto). Ils sont suivis de ceux écrits au long ou formés d'initiales non séparées (ABC Ltd., Allied Inc.). Pour chaque lettre, les noms comportant des lettres et des chiffres non séparés viennent à la fin (A4 Taxi). Il faut noter que les noms qui commencent par un chiffre figurent en tête de l'index selon un ordre ascendant (3M Canada Ltd., 4G Imports).

## Situation des corporations et identificateurs

À côté de chaque nom, trois colonnes donnent les renseignements suivants:

1. situation de la corporation
2. code de groupe-complexe-entreprise
3. numéro de page.

Les renseignements de la colonne 1 sur la situation des corporations comportent les signes suivants:

**ULT** – Tête d'entreprise désignée comme tête de complexe. Il peut s'agir soit d'un propriétaire ultime véritable, soit du propriétaire ultime de corporations ayant des participations réciproques (boucles).

**JEO** – Tête d'entreprise en propriété à part égale et désignée comme tête d'un complexe.

**ENT** – Tête d'entreprise autre qu'une ULT ou une JEO. Il peut s'agir de la corporation-mère d'une entreprise à corporations multiples ou d'une entreprise à corporation unique.

**SUB** – Corporation contrôlée par une ULT, une JEO ou une ENT.

The second column contains the group-complex-enterprise code. This alpha-numeric-alpha code uniquely identifies each enterprise. All corporations are either members of an enterprise or are single corporate enterprises. Subsidiaries have the same code as the enterprise head.

The third column provides the page number in the second volume where information on the enterprise in question may be found. **If the enterprise structure is on two or more pages then the lowest page number is shown.**

## Volume II – Inter-corporate Relationships

In Volume II (Parts 1 and 2) the information on the holding of voting rights between corporations and related statistical data is presented.

### Sequence of Contents

The sequence of information is dependent upon the number of corporations contained in a structure. Groups are presented in descending size according to the number of corporations. When the number of corporations in two groups are equal, the group with the largest complex goes first. If two groups are still equal on this criteria, then an alphabetical selection is made by comparing ultimate owners within the two groups. Groups are lettered from AAA and go to ZZZ if necessary.

Within a group the ordering of complexes is based upon the number of corporations (largest first) and when equal, alphabetically by name of the ultimate owner. Complexes are numbered from 0001 and go to 9999 if necessary within a group.

Within a complex the first enterprise shown is that of the ultimate owner. The remaining enterprises assigned to the complex are sequenced according to size (largest first) and when equal, alphabetically by name of the enterprise head. Enterprises are lettered from AA (the enterprise of the ultimate owner) and go to ZZ if necessary within a complex.

### Classification of Relationships

The principal information presented in this volume is the holding of a corporation's voting rights by another corporation, family or related group of individuals. The corporation whose voting rights are held appears on the left side under the heading "Held – Corporation". The corporation or individuals who hold a proportion of the voting rights appears on the right hand page side under the heading "Holding – Corporation". Two bold vertical lines separate these names. Between these lines the proportion of voting rights that are held appears, under the heading "DIRECT HOLDING %".

La deuxième colonne donne le code de groupe-complexe-entreprise. Ce code alphanumérique (lettres, chiffres, lettres) ne peut désigner qu'une entreprise. Toutes les corporations font partie d'une entreprise ou constituent des entreprises à corporation unique. Les filiales ont le même code que la tête d'entreprise.

La troisième colonne indique la page du deuxième volume où l'on peut trouver les renseignements sur cette entreprise. **Si l'entreprise occupe deux pages ou plus, c'est le numéro de la première page qui apparaît.**

## Volume II – Liens entre corporations

Le volume II (parties 1 et 2) indique qui détient les droits de vote des corporations et fournit les données statistiques connexes.

### Ordre du contenu

L'ordre des renseignements dépend du nombre de corporations que renferme un ensemble. Les groupes comptant le plus grand nombre de corporations sont mentionnés en premier. Lorsque deux groupes comptent le même nombre de corporations, celui qui comprend le complexe le plus important vient en premier. Si ce critère n'est pas décisif, on range les groupes par ordre alphabétique, selon le nom du propriétaire ultime de chacun des groupes. Les groupes vont de AAA à ZZZ, si nécessaire.

Au sein d'un groupe, les complexes sont en ordre décroissant, selon le nombre de corporations; quand ce nombre est égal, ils sont classés alphabétiquement, selon le nom du propriétaire ultime. Les complexes d'un groupe sont numérotés de 0001 à 9999, si nécessaire.

Au sein d'un complexe, la première entreprise mentionnée est celle du propriétaire ultime. Les autres entreprises attribuées au complexe sont classées d'après leur taille (la plus importante en premier); les entreprises de taille égale sont classées alphabétiquement, selon le nom de la tête d'entreprise. Les entreprises d'un complexe vont de AA (entreprise du propriétaire ultime) à ZZ, si nécessaire.

### Classification des liens entre corporations

Ce volume s'intéresse principalement à la détention des droits de vote d'une corporation par une autre, une famille ou des individus apparentés. La corporation dont les droits de vote sont détenus par d'autres est mentionnée à gauche, sous la rubrique "Corporation détenue". Les corporations ou les individus qui détiennent une partie des droits de vote sont énumérés à droite, sous la rubrique "Corporation actionnaire". Deux grosses lignes verticales séparent ces noms. Entre ces lignes, sous la rubrique "PARTICIPATION DIRECTE" figure le pourcentage des droits de vote détenus.

All relationships between corporations have been classified and appear uniquely under one of three possible headings.

- 1. Enterprise Relationships
- 2. Relationships Between Enterprises
- 3. Relationships Between Complexes.

Enterprise Relationships

All relationships between corporations acting under common control are found under the same enterprise identifier. This is recognized by a group-complex-enterprise code which appears on the left-hand side of a page and uniquely identifies each enterprise. The relationships within an enterprise are structured to show the actual sequence of holdings. As an example consider the following diagram of inter-corporate ownership and its publication format.

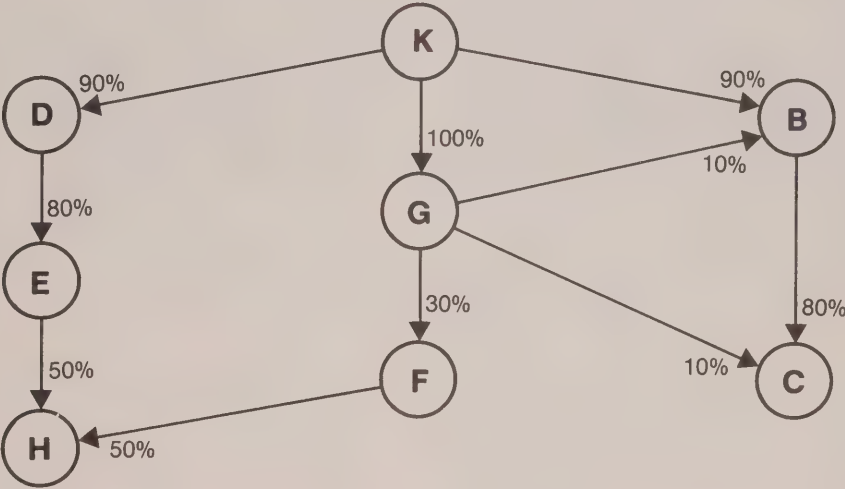

Tous les liens entre corporations se résument à trois types seulement:

- 1. Liens dans l'entreprise
- 2. Liens entre entreprises
- 3. Liens entre complexes.

Liens dans l'entreprise

Tous les liens entre les corporations sous contrôle commun sont indiqués sous le même identificateur d'entreprise. Un code de groupe-complexe-entreprise est inscrit à gauche de la page et est propre à chaque entreprise. Les liens au sein d'une entreprise sont disposés de façon à illustrer l'ordre réel des participations. Examinons, par exemple, le diagramme suivant des liens de parenté entre corporations et la façon dont ils sont indiqués dans la publication.

Example 1.  
Exemple 1.

HELD – CORPORATION – DETENUE				HOLDING % PARTICI- PATION DIRECTE	HOLDING – CORPORATION – ACTIONNAIRE	NOTES
NAME — NOM	SIC — CAE	UNRO — PUNR	RES		NAME — NOM	
GRP - ABC, CPX - 0001, EN - AA, CNTRL xx . .	xx	xx	xx	K		*
B . . . . .	xx	xx	xx	90.0	K . . . . .	
D . . . . .	xx	xx	xx	90.0	" . . . . .	
G . . . . .	xx	xx	xx	100.0	" . . . . .	
C . . . . .	xx	xx	xx	80.0	B . . . . .	
E . . . . .	xx	xx	xx	80.0	D . . . . .	
B . . . . .	xx	xx	xx	10.0	G . . . . .	
C . . . . .	xx	xx	xx	10.0	" . . . . .	
F . . . . .	xx	xx	xx	30.0	" . . . . .	
H . . . . .	xx	xx	xx	50.0	E . . . . .	
" . . . . .	xx	xx	xx	50.0	F . . . . .	

The enterprise parent has a title line which starts with the GRP-CPX-EN identifier. This is immediately followed on the right by related data concerning the enterprise parent. The name of the parent is indented and starts in the "DIRECT HOLDING %" column. If an enterprise contains a researched assignment of control such as for corporation F in the preceding example, then an asterisk appears in the notes column of the title line. A footnote explaining the control assignment appears at the end of Volume I sequenced by GRP-CPX-EN order. After the title line the enterprise head appears again on the right-hand side. Each of its holdings are sequenced alphabetically on the left side. Then each holding company is taken in alphabetical order and placed on the right side with each of its holdings placed in alphabetical order on the left. This pattern is repeated for every tier of corporations within the enterprise.

### Relationships Between Enterprises (RBE)

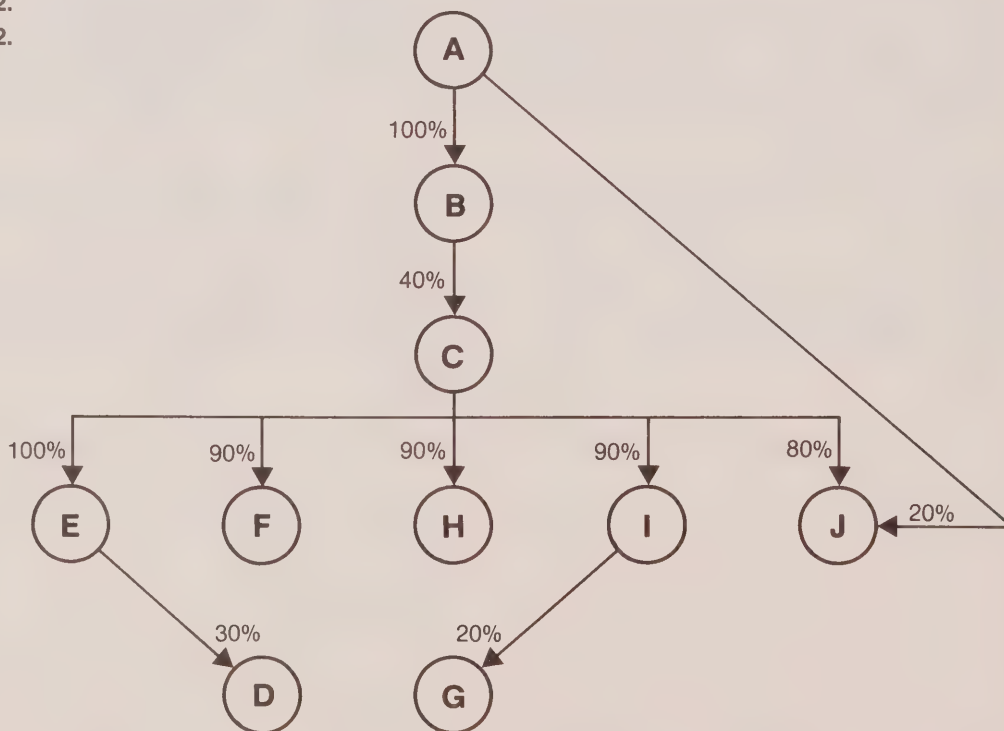

If two corporations, belonging to different enterprises and assigned to the same complex head, are related, then this ownership appears under the heading "Relationships Between Enterprises". This section appears immediately after all the enterprises that are assigned to an ultimate owner.

L'entreprise-mère est désignée par une ligne-titre qui commence par l'identificateur de groupe-complexe-entreprise suivi immédiatement à droite de données connexes concernant l'entreprise-mère. Le nom de l'entreprise-mère est indiqué à partir de la colonne "PARTICIPATION DIRECTE". Si un contrôle est attribué dans l'entreprise par suite d'une recherche (la corporation F de l'exemple précédent), un astérisque figure dans la colonne "Notes", à la ligne-titre. À la fin du volume I, une note explique l'attribution du contrôle, selon l'ordre des codes de groupe-complexe-entreprise. Sous la ligne-titre, le nom de la tête d'entreprise est inscrit de nouveau à droite. Chacune de ses participations est mentionnée par ordre alphabétique dans la colonne de gauche. Ensuite, chaque corporation actionnaire est inscrite à droite, par ordre alphabétique, et ses participations sont classées à gauche, par ordre alphabétique également. Cette disposition est reprise pour chaque série de corporations dans l'entreprise.

### Liens entre les entreprises

Si deux corporations appartenant à différentes entreprises et attribuées à la même tête de complexe ont des liens de parenté, ces liens sont précisés sous la rubrique "Liens entre les entreprises". Cette section suit immédiatement l'énumération de toutes les entreprises attribuées à un propriétaire ultime.

**Example 2.**  
**Exemple 2.**

HELD — CORPORATION — DETENUE				HOLDING % PARTICI- PATION DIRECTE	HOLDING — CORPORATION — ACTIONNAIRE	NOTES
NAME — NOM	SIC — CAE	UNRO — PUNR	RES		NAME — NOM	
GRP - ABC, CPX - 0001, EN - AA, CNTRL xx . .				A		
B . . . . .	xx	xx	xx	100.0	A . . . . .	E,E
GRP - ABC, CPX - 0001, EN - AB, CNTRL xx . .	xx	xx	xx	C		
E . . . . .	xx	xx	xx	100.0	C . . . . .	E,
F . . . . .	xx	xx	xx	90.0	" . . . . .	
H . . . . .	xx	xx	xx	90.0	" . . . . .	
I . . . . .	xx	xx	xx	90.0	" . . . . .	E,
J . . . . .	xx	xx	xx	80.0	" . . . . .	
GRP - ABC, CPX - 0001, EN - AC, CNTRL xx . .	xx	xx	xx	D		
GRP - ABC, CPX - 0001, EN - AD, CNTRL xx . .	xx	xx	xx	G		
RELATIONS BETWEEN ENTERPRISES/LIENS ENTRE LES ENTREPRISES						
J . . . . .	xx	xx	xx	20.0	A . . . . .	AB,AA
C . . . . .	xx	xx	xx	40.0	B . . . . .	AB,AA
D . . . . .	xx	xx	xx	30.0	E . . . . .	AC,AB
G . . . . .	xx	xx	xx	20.0	I . . . . .	AD,AB

To assist readers, the notes column has for each enterprise a letter E on the line of each corporation involved in a Relationship Between Enterprises (RBE). "E," indicates that the held corporation has such a relationship while "E" indicates that the holding corporation is related to another enterprise. Note that a single corporate enterprise must have an RBE and in these cases no letter E appears in the margin notes.

Finally, in the RBE section the margin notes indicate for each line what enterprises are involved. In the preceding example the note AB,AA indicates that the held corporation is from enterprise AB while the holding corporation is from enterprise AA.

### Relationships Between Complexes (RBC)

When two corporations in different enterprises are related and each enterprise is assigned to a different ultimate owner, then this relationship is found in the section "Relationships Between Complexes". This heading immediately follows the Relationship Between Enterprises section. If there is no such section then it follows the enterprises.

There are three ultimate owners in the following example. Thus there are three complexes. Two of the complexes have only one enterprise and thus do not have an RBE section. Thus the RBC section immediately follows the enterprises. One of the complexes, G is a single corporate complex and a JEO.

Pour aider les lecteurs, la colonne des notes comporte pour chaque entreprise une lettre E vis-à-vis le nom de chaque corporation concernée par des liens entre entreprises. "E," indique que la corporation détenue est impliquée dans une telle relation et "E" signale que la corporation actionnaire est liée à une autre entreprise. Les entreprises à corporation unique doivent comporter des liens entre entreprises; alors, la lettre E ne figure pas dans la colonne des notes.

Enfin, dans la section des liens entre entreprises, les notes indiquent pour chaque ligne, quelles sont les entreprises concernées. Dans l'exemple précédent, "AB,AA" montrent que la corporation détenue fait partie de l'entreprise AB et que la corporation actionnaire fait partie de l'entreprise AA.

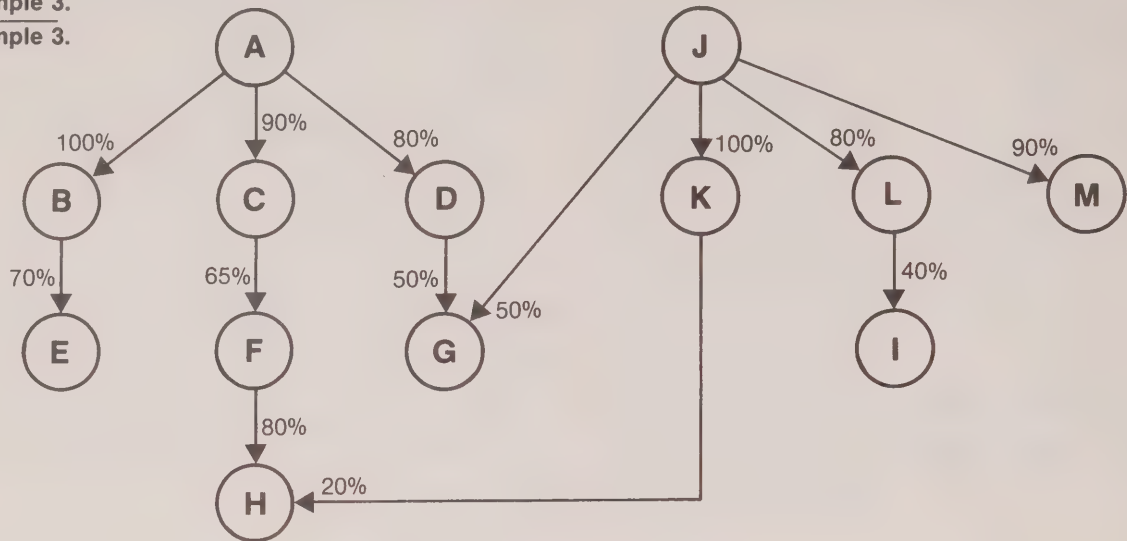

### Liens entre les complexes

Quand deux corporations d'entreprises différentes ont des liens de parenté et sont attribuées à des propriétaires ultimes différents, ces liens de parenté sont précisés dans la section "Liens entre les complexes". Cette rubrique suit immédiatement la section sur les liens entre les entreprises ou, s'il n'y en a pas, la section des entreprises.

L'exemple suivant comprend trois propriétaires ultimes, donc trois complexes. Deux complexes ne comptent qu'une entreprise et ne sont donc pas suivis d'une section sur les liens entre entreprises. C'est pourquoi la section sur les liens entre les complexes suit immédiatement celle des entreprises. L'un des complexes, le complexe G, est à la fois un complexe à corporation unique et une entreprise en propriété à part égale.

Margin notes indicate for each corporation in an enterprise if it is involved in an RBC. “C,” indicates that the held corporation has an RBC and “,C” indicates that the holding corporation has an RBC. In the RBC section itself the margin notes indicates which complexes are involved in the RBC. In the preceding example the note “0003,” in the RBC section of complex 0001 indicates that the held corporation is from complex 0003 and the holding corporation is from 0001. In complex 0003 the notes in the RBC section indicate that the holding corporations are from complexes 0001 and 0002.

Please note that single corporate enterprises do not have margin notes. Consequently the RBC section should be examined for possible ownership information.

### Related Data

Opposite the name of each held corporation three columns of information are shown.

1. Standard Industrial Classification
2. Ultimate Non-resident Ownership (UNRO)
3. Residence

The enterprise head has the same three items of information in its title line, aligned with each column. In addition the title line includes the country of control for the enterprise.

Les notes figurant dans la marge de droite indiquent pour chaque corporation d’une entreprise si elle est impliquée dans une relation entre complexes. “C,” montre une telle relation pour la corporation détenue et “,C” joue un rôle semblable pour la corporation actionnaire. Dans la section “Liens entre les complexes”, les notes précisent quels complexes sont impliqués. Dans l’exemple précédent, la mention “0003”, de la section “Liens entre les complexes” du complexe 0001 indique que la corporation détenue fait partie du complexe 0003 et que la corporation actionnaire appartient au complexe 0001. Pour le complexe 0003, les notes de la section “Liens entre complexes” indiquent que les corporations actionnaires font partie des complexes 0001 et 0002.

Il faut noter qu’aucune information apparaît à la colonne “Notes” lorsqu’il s’agit d’entreprises à corporation unique. Par conséquent, il faudra examiner la section des liens entre complexes pour d’autres liens possibles.

### Données connexes

Vis-à-vis le nom de chaque corporation détenue figurent trois colonnes de renseignements:

1. Classification des activités économiques
2. Propriété ultime de non-résidents (PUNR)
3. Lieu de résidence.

La ligne-titre de la tête d’entreprise comporte les trois mêmes éléments d’information, dans la colonne appropriée, et précise en plus le pays de contrôle de l’entreprise.

CORPORATE INDEX

INDEX DES CORPORATIONS

## LIST OF MNEMONICS – RÉPERTOIRE MNÉMONIQUE

### Index of Corporations

#### “STAT” column:

An enterprise head that is designated as the head of a complex. This may be either a true ultimate owner or loop ultimate owner.

An enterprise head that is joint equally owned and designated as the head of a complex.

An enterprise head that is not a ULT or JEO. This may be the parent of a multi-corporate enterprise or a single corporate enterprise.

A corporation controlled by either a ULT, JEO or ENT.

#### “GRP-CPX-EN” column:

Group identifier (three alphabetical characters) . .

Complex identifier (four numerical characters) . . .

Enterprise identifier (two alphabetical characters)

**ULT**

**JEO**

**ENT**

**SUB**

**GRP**

**CPX**

**EN**

### Index des corporations

#### Colonne “STAT”:

Tête d'entreprise désignée comme tête de complexe. Il peut s'agir soit d'un propriétaire ultime véritable, soit du propriétaire ultime de corporations ayant des participations réciproques (boucles).

Tête d'entreprise en propriété à part égale et désignée comme tête d'un complexe.

Tête d'entreprise autre qu'une ULT ou une JEO. Il peut s'agir de la corporation-mère d'une entreprise à corporations multiples ou d'une entreprise à corporation unique.

Corporation contrôlée par une ULT, une JEO ou une ENT.

#### Colonne “GRP-CPX-EN”:

Identificateur de groupe (trois caractères alphabétiques).

Identificateur de complexe (quatre caractères numériques).

Identificateur d'entreprise (deux caractères alphabétiques).

Control of Nordex Ltd., Beldor Inc. and Sanpalo Ltd. has been assigned to the **Desmarais Group**. In the case of Sanpalo Ltd. and Beldor Inc. the majority of the directors are members of the Desmarais Group. Fifty per cent of the directors of Nordex Ltd. are members of the Desmarais Group including the President and Vice-President. Preferred share holdings of each other are also evident between these three companies.

The Investors Growth Fund Canada Ltd., Investors Japanese Growth Fund Ltd., Investors International Mutual Fund Ltd., Investors Mutual of Canada Ltd., Provident Stock Fund Ltd. and the Provident Mutual Fund Ltd. have a majority of directors in common with the Investors Group which is ultimately controlled by the Desmarais Group through Power Corp. of Canada Ltd..

P. Desmarais owns 38.1% of Consolidated Bathurst Ltd. through Power Corp.. Another 38.1% is owned by J. Parisien a director of Power Corp.. These two holdings total 76.2%.

Arrow Transit Lines Ltd. is controlled by Kingsway Freightlines Ltd. through a majority of common directors.

Les Cinéastes Associés Inc. is controlled by Onyx Films Inc. through a majority of common directors.

Abonnec 5 Ltée is controlled by Gesca Ltée. through a majority of common directors.

Le contrôle de Nordex Ltd., Beldor Inc. et Sanpalo Ltd. a été attribué au **groupe Desmarais**. La majorité des administrateurs de Sanpalo Ltd. et de Beldor Inc. appartiennent au groupe Desmarais; 50 % des administrateurs de Nordex Ltd., y compris le président et le vice-président, appartiennent également à ce groupe. On constate aussi des participations croisées, par les actions privilégiées, entre ces trois sociétés.

La majorité des administrateurs de The Investors Growth Fund Canada Ltd., Investors Japanese Growth Fund Ltd., Investors International Mutual Fund Ltd., Investors Mutual of Canada Ltd., Provident Stock Fund Ltd. et de Provident Mutual Fund Ltd. sont ceux du groupe Investors dont le contrôle ultime appartient au groupe Desmarais par l'intermédiaire de Power Corp. of Canada Ltd..

P. Desmarais possède 38.1 % de la Consolidated Bathurst Ltd. par l'intermédiaire de Power Corp.. J. Parisien, administrateur de Power Corp., en possède également 38.1 %, ce qui donne un total de 76.2 %.

Arrow Transit Lines Ltd. est contrôlée par Kingsway Freightlines Ltd. grâce à une représentation majoritaire réciproque aux conseils d'administration.

La corporation Les Cinéastes Associés Inc. est contrôlée par Onyx Films Inc. grâce à une représentation majoritaire réciproque aux conseils d'administration.

Abonnec 5 Ltée est contrôlée par Gesca Ltée. grâce à une représentation majoritaire réciproque aux conseils d'administration.

George Weston Ltd. is controlled by **Wittington Investments Ltd.** through a majority of common directors. Kelmac Investments Ltd., a wholly-owned subsidiary of George Weston Ltd., controls Kelly, Douglas & Co. Ltd..

K.C. Irving Ltd., J.D. Irving Ltd., and many of the subsidiaries of Irving Oil Ltd. have Boards of Directors in which the majority of Directors are the same. Consequently, those companies are considered to be acting under common control. K.C. Irving Ltd., J.D. Irving Ltd., and Irving Oil Ltd. are held by separate Bermuda-based holding companies. For the corporation resident in Canada to be under common control, the companies resident in Bermuda must also act under common control. From references to the Irving Family in "*The Canadian Corporate Elite*", Wallace Clement, 1975 and upon the preceding information all four Bermuda holding companies are shown to be controlled by the **Irving Family**. In addition, information from regulatory agencies was obtained to include those corporations in Canada owned directly by members of the Irving Family or where the majority of Directors are from the Irving Family. The corporations thus included are Irving Oil Transport Ltd., Hefler Trucking Ltd., Atlantic Truck Manufacturing Ltd., East Coast Operators Ltd., Universal Manufacturing Co. Ltd., Bay Realities Ltd., Forest Patrol Ltd., Plant Erectors Ltd., Boston Brook Enterprises Ltd., and Grand Lake Timber Ltd.. Three other companies also included as controlled by the Irving Family on the basis of supplementary information obtained by the CALURA research staff include S. Albert and Co. Ltd., Beazeley Fuels (1973) Ltd. and La Raffinerie Irving du Québec Ltée..

La majorité des membres des conseils d'administration de K.C. Irving Ltd., de J.D. Irving Ltd. et d'un grand nombre de filiales de Irving Oil Ltd. sont les mêmes. Ces corporations sont donc considérées comme soumises à un même contrôle. K.C. Irving Ltd., J.D. Irving Ltd. et Irving Oil Ltd. appartiennent à des corporations distinctes dont le siège social se trouve aux Bermudes. Pour que les corporations canadiennes soient sous un même contrôle, les corporations établies aux Bermudes doivent également être sous un même contrôle. Il ressort des mentions de la famille Irving dans *The Canadian Corporate Elite*, de Wallace Clement, 1975 et des renseignements précédents que les quatre corporations actionnaires établies aux Bermudes sont contrôlées par la **famille Irving**. De plus, nous avons obtenu des organismes de réglementation des renseignements nous permettant d'inclure ces corporations établies au Canada qui appartiennent directement à des membres de la famille Irving ou dont la majorité des administrateurs appartiennent à cette famille. Ces corporations sont les suivantes: Irving Oil Transport Ltd., Hefler Trucking Ltd., Atlantic Truck Manufacturing Ltd., East Coast Operators Ltd., Universal Manufacturing Co. Ltd., Bay Realities Ltd., Forest Patrol Ltd., Plant Erectors Ltd., Boston Brook Enterprises Ltd. et Grand Lake Timber Ltd.. Trois autres corporations contrôlées par la famille Irving, d'après les renseignements obtenus par les chercheurs de CALURA, sont S. Albert and Co. Ltd., Beazeley Fuels (1973) Ltd. et La Raffinerie Irving du Québec Ltée..

*The Financial Post Survey of Mines*, 1976 edition, has also been used to supplement CALURA information. It reports that Mr. K.C. Irving holds a 44.4% interest in

L'édition de 1976 du *Financial Post Survey of Mines* a servi à compléter les renseignements de CALURA. M.K.C. Irving détient 44.4 % du capital de l'Atlantic Coast Copper

Atlantic Coast Copper Ltd.. K.C. Irving Ltd. has a 15.4% interest in Key Anacon Mines Ltd., and a 20.5% interest in Northern Canada Mines Ltd.. Atlantic Coast Copper Ltd. in turn owns 16.2% of Northern Canada Mines Ltd. and 15.1% of Consolidated Rambler Mines Ltd.. Northern Canada Mines Ltd. also owns a 20.6% interest in Consolidated Rambler Mines Ltd.. J.D. Irving Ltd. owns 13.5% of Northern Canada Mines Ltd.. Consolidated Rambler Mines Ltd. is controlled by Northern Canada Mines through a majority of common directors.

Ltd.. K.C. Irving détient 15.4 % du capital de Key Anacon Mines Ltd. et 20.5 % du capital de Northern Canada Mines Ltd.. À son tour, Atlantic Coast Copper Ltd. possède 16.2 % de Northern Canada Mines Ltd. et 15.1 % de Consolidated Rambler Mines Ltd.. De plus, Northern Canada Mines Ltd. détient 20.6 % du capital de Consolidated Rambler Mines Ltd.. J.D. Irving Ltd. possède 13.5 % de Northern Canada Mines Ltd.. Consolidated Rambler Mines Ltd. est contrôlé par Northern Canada Mines grâce à une représentation majoritaire réciproque aux conseils d'administration.

Control of several Canadian resident corporations has been assigned to the **Bentley-Prentice Families**. A majority of the Directors of these corporations are either members of these families or strongly associated with them. The corporations thus included are: Elmar Estates Ltd., Solo Estates Ltd., Canfor Enterprises Ltd., Westwood Corporation Ltd., Canfor Holdings Ltd., Canfor Building Products Ltd., Spring Creek Logging Company Ltd., Pendor Investments Ltd., B.F.S. Investments Ltd., M.E.L. Investments Ltd., E.R.J. Investments Ltd., G.J.P. Investments Ltd., BMW Distributors (Western) Ltd., and Woodcot Estates Limited. Non-voting preferred share ties are also evident between the Bentley-Prentice Families and Canfor Holdings Ltd., Canfor Building Products Ltd. and Spring Creek Logging Company Ltd.. These three companies in turn hold amongst themselves 100% of the preferred shares of Pendor Investments Ltd., B.F.S. Investments Ltd., M.E.L. Investments Ltd., E.R.J. Investments Ltd. and G.J.P. Investments Ltd..

Le contrôle de plusieurs corporations canadiennes a été attribué aux **familles Bentley-Prentice**. La majorité des administrateurs de ces corporations sont membres de ces familles ou sont étroitement liés à elles. Les corporations qu'elles contrôlent sont les suivantes: Elmar Estates Ltd., Solo Estates Ltd., Canfor Enterprises Ltd., Westwood Corporation Ltd., Canfor Holdings Ltd., Canfor Buildings Products Ltd., Spring Creek Logging Company Ltd., Pendor Investments Ltd., B.F.S. Investments Ltd., M.E.L. Investments Ltd., E.R.J. Investments Ltd., G.J.P. Investments Ltd., BMW Distributors (Western) Ltd. et Woodcot Estates Limited. On constate également que les familles Bentley-Prentice détiennent des actions privilégiées ne donnant pas droit de vote de Canfor Holdings Ltd., Canfor Building Products Ltd. et Spring Creek Company Ltd.. Ces trois dernières corporations réunies détiennent à leur tour 100 % des actions privilégiées de Pendor Investments Ltd., B.F.S. Investments Ltd., M.E.L. Investments Ltd., E.R.J. Investments Ltd. et G.J.P. Investments Ltd..

Cornat Industries Ltd. is owned 49.9% by Canfor Investments Ltd.. Another 1.7% is reported in the *Financial Post* survey of Industrials as being beneficially owned by Canadian Forest Products Ltd..

Cornat Industries Ltd. appartient dans une proportion de 49.9 % à Canfor Investments Ltd.. *Le Financial Post Survey of Industrials* révèle que 1.7 % appartient effectivement à Canadian Forest Products Ltd..

Nor-Val Industries Ltd. is controlled by Wescraft Ltd. through a majority of common directors.

**Anglo-American Corp. of South Africa Ltd.** owns 35.8% of Charter-Consolidated Ltd.. The chairman, deputy chairman and managing director and six other directors of Charter-Consolidated are also directors of Anglo-American Corp. of South Africa Ltd., whose London office is the same address as Charter-Consolidated Limited's main office.

The chairman and five other directors of De Beers Consolidated Mines Ltd. are also directors of Anglo-American Corp. of South Africa Ltd., and their London offices are the same. According to *Business Week*, June 27, 1977, Anglo-American Corp. of South Africa has a 17% stake in De Beers Consolidated Mines Ltd.. *Moody's 1976 Bank and Finance Manual* also states that Anglo-American Corp. of South Africa has close links with and substantial investments in both De Beers Consolidated Mines Ltd. and Charter Consolidated Ltd..

The chairman and four other directors of Anglo American Corp. of Canada Limited are also directors of Anglo-American Corp. of South Africa, and *Moody's 1976 Bank and Finance Manual* states that Anglo American Corp. of Canada holds the Canadian assets of the group.

The chairman and three other directors of Hudson Bay Mining and Smelting Co. Ltd. are also directors of Anglo-American Corp. of South Africa. Also the chairman, five other directors and three officers of Hudson Bay Mining and Smelting Co. Ltd. are also directors or officers of Anglo American Corp. of Canada Ltd. and the companies' addresses are the same. The *Financial Post* of Dec. 3, 1977 states that Hudson Bay Mining and Smelting is effectively controlled by Anglo American Corp. of Canada.

Consequently Charter-Consolidated Ltd., De Beers Consolidated Mines Ltd., Anglo American Corp. of Canada Limited and Hudson Bay Mining and Smelting Co. Ltd. are considered acting under the control of Anglo-American Corp. of South Africa Ltd..

**Anglo-American Corp. of South Africa Ltd.** possède 35.8 % de Charter-Consolidated Ltd. Le président, le vice-président et l'administrateur délégué ainsi que six autres administrateurs de Charter-Consolidated appartiennent également au conseil d'administration de l'Anglo-American Corp. of South Africa Ltd. dont le siège social, à Londres, est situé à la même adresse que celui de Charter-Consolidated Limited.

Le président et cinq autres administrateurs de De Beers Consolidated Mines Ltd. appartiennent également au conseil d'administration de l'Anglo-American Corp. of South Africa Ltd.; de plus, les deux corporations occupent les mêmes bureaux à Londres. Selon le numéro du 27 juin 1977 du *Business Week*, l'Anglo-American Corp. of South Africa possède 17 % de De Beers Consolidated Mines Ltd.. *Le Bank and Finance Manual, 1976 de Moody's* affirme également que l'Anglo-American Corp. of South Africa est étroitement liée à De Beers Consolidated Mines Ltd. et à Charter Consolidated Ltd. et a des investissements considérables dans ces deux corporations.

Le président et quatre autres administrateurs de l'Anglo-American Corp. of Canada Limited appartiennent également au conseil d'administration de l'Anglo-American Corp. of South Africa; *le Bank and Finance Manual, 1976, de Moody's*, affirme que l'Anglo-American Corp. of Canada possède les avoirs du groupe au Canada.

Le président et trois autres administrateurs de Hudson Bay Mining and Smelting Co. Ltd. appartiennent également au conseil d'administration de l'Anglo-American Corp. of South Africa. En outre, le président, cinq autres administrateurs et trois cadres de Hudson Bay Mining and Smelting Co. Ltd. sont également administrateurs ou cadres de l'Anglo-American Corp. of Canada Ltd., et ces corporations ont les mêmes adresses. *Le numéro du 3 décembre 1977 du Financial Post* affirme que Hudson Bay Mining and Smelting est, de fait, contrôlée par l'Anglo-American Corp. of Canada.

Par conséquent, Charter-Consolidated Ltd., De Beers Consolidated Mines Ltd., Anglo-American Corp. of Canada Limited et Hudson Bay Mining and Smelting Co. Ltd. sont considérées comme étant sous le contrôle de l'Anglo-American Corp. of South Africa Ltd.

Great Lakes Nickel is considered to be controlled by **246057 Investments Ltd.** There are interlocking directors which hold shares in the company and **246057 Investments Ltd.** has an option exercisable before 1979, to acquire shares which would yield effective control.

Nous estimons que Great Lakes Nickel est contrôlée par **246057 Investments Ltd.** Certains membres des deux conseils d'administration sont actionnaires de la première corporation. De plus, **246057 Investments Ltd.** détient une option, échéant en 1979, sur l'achat d'actions qui lui assureraient le contrôle effectif de la Great Lakes Nickel.
